

**WOVM (FM), FCC Facility ID # 36786, Appleton, WI**  
**Use of Former Main Site as Auxiliary / Backup Transmitter Site**

As this is written, construction of the “New Main Site” (CP MOD) is complete, and license Application / PTA request BLED-20140127AAX is on file. The “Former Main Site” is still licensed, and will become an auxiliary site upon grant of the license application and this application to use the Former Main Site as an auxiliary location.

The ERP at the Former Main Site will be reduced from 3.6 kW to 3.4 kW. The 60 dBu f(50,50) contour of the former site with the reduced ERP, shown in black, does not extend beyond the 60 dBu f(50,50) contour of the new site, shown in red.
