

## **Exhibit E-21**

The proposed facility is in compliance with Section 73.203 of the Commission's Rules as it specifies the use of an allocated channel for Wickenburg. The present facility is operational on channel 231C3, however, in a recent rulemaking (Docket MM 00-166); the Commission modified the license of KSWG to specify operation on channel 242C3 in lieu of its present channel. Since channel 242C3 is listed in the table of allotments, it is respectfully submitted that the proponent complies with Section 73.203.
