### **Mission**

The Community Advocacy Coalition is a social justice organization dedicated to improving the economic, educational, legal, health and social well-being of the African American community. We achieve this through issue-based advocacy, leadership development, cross cultural collaboration, and by serving as a core entity, providing information, and myriad resources to underserved populations throughout the region. The body performs these responsibilities with a focus on and for the ultimate benefit of engaging emerging generations.

### **Vision**

We are a unifying movement advocating for the transformation of Black people and people of African descent to achieve greater levels of social justice in an intentional way for the greater good of our society.
