

**Request for Special Temporary Authorization**

Radio License Holding CBC, LLC (“RLH”), pursuant to Section 73.1635 of the FCC’s rules, hereby requests a special temporary authorization (“STA”) for radio station WSSX-FM, Charleston, South Carolina (Facility ID 72378) for a period of 180 days.

Station WSSX-FM is licensed to operate on Channel 236 with 100 kW effective radiated power at 305 meters height above average terrain. WSSX-FM currently is operating with 52% of its licensed power due to antenna problems.

RLH respectfully requests an STA for a period of 180 days pursuant to Section 73.1635 of the Commission’s rules to operate WSSX-FM at reduced power. The requested extension will serve the public interest because it will enable the station to continue to serve the residents of Charleston and the surrounding area until the licensee can return the station to full licensed power.
