**Engineer's Certification of Proper Directional Antenna Installation
KNSJ, Mount Laguna, CA
CP: BNPED-20071022AFB - Facility ID: 172605**

I, Raymond Lutz, hereby certify that the Shively 6025-1-Slant(38°)-DA directional antenna for KNSJ (FM) was installed on April 30, 2013, in full accordance with construction permit BNPED-20071022AFB, and in full accordance with all installation instructions provided by the antenna manufacturer. The directional antenna is oriented per the manufacturer's instructions, verified on-site by a precision compass during installation and confirmed by a licensed surveying crew.

I supervised the entire installation on-site. Supervising such projects is well within the scope of my understanding, experience, and expertise. I am a qualified engineer with over 30 years experience, and have worked on RF systems design and testing at the Naval Ocean Systems Center. I have a Master's Degree in Electronics Engineering from San Diego State University.

Sincerely,

Raymond Lutz
President, Cognisys, Inc.
