Spryex Communications Educational Purpose and Objectives

Spryex Communications, Inc. (SCI) is a non-stock, State of Ohio not for profit Corporation organized in 1999 to operate exclusively for educational purposes within the meaning of Section 501(c)3 of the Internal Revenue Code.

SCI's fundamental and abiding purpose is to make an educational, cultural, instructional, charitable and spiritual impact on the community. SCI will achieve this purpose through the ownership and operation of radio broadcasting facilities which will offer programming designed to both educate and benefit individuals within the listening areas of the broadcast signal.

SCI's educational objectives include:

1. To provide religious instruction and/or moral teaching;
2. To teach troubled youth ways to respond to a world of gangs, drugs and violence and to find a meaningful and productive lifestyle.
3. To provide discussion groups, news talk shows, community forums and local council meetings wherein issues of importance to both community as a whole are addressed.
4. To provide solutions to community problems such as teenage pregnancy, drug and alcohol abuse, pornography and indecency, the breakdown of the family unit, crime, the economy, the environment and education.
5. To teach citizenship, patriotism, peaceful conflict resolution and family life enhancement.
6. To provide educational programs which focus on emerging technologies such as computers and the way they are changing the world to make life easier and more productive.
7. Community bulletin boards for organizations seeking to spread information regarding pending events, employment and educational opportunities and fundraisers.

Given SCI's purpose to have an educational, cultural, instructional, charitable and spiritual impact on the community, SCI truly believes in Local Programming which is responsive to identified needs of the community. As noted with respect to the specific programming discussed above, examples of local concern include improved race relations, family values and enhancement of strong family structure, coping with societal, job and family stress, drug and alcohol abuse awareness, crime, health and unemployment. By meeting the needs of, and addressing the issues faced by the local citizenry, the station will be performing an invaluable educational and cultural service.
