The applicant Family Unity Outreach Ministry, Inc., (FUOMI) hereby files its minor amendment to its timely window filed pending 318 LPFM application with the Federal Communications Commission (FCC) to reflect the following changes to its pending 318 LPFM application for the purpose of having the Commission remove the applicant's 318 LPFM application from the mutually exclusive (MX) Group to the singleton application status. The applicant hereby propose to change its pending 318 LPFM application operating frequency from channel 242L1 (96.3 FM) to channel 243L1 (96.5 FM). The applicant further request that this minor amending of section V of the engineering portion of its timely window filed pending 318 LPFM application be granted by the Commission, and that the applicant's pending 318 LPFM application be removed from the mutually exclusive (MX) Group to the singleton application status, and thereafter be accepted by the Commission for filing. The applicant further request a waiver of any and all defects that may exist in the changing of its operating frequency and relocation of its amended transmitter site as set forth herein.
