

LAKES AREA CHRISTIAN RADIO (LACR)

Exhibit 1-1 Minor Change Report

7/28/2005

The following changes are being proposed with this instant application. All are minor changes as defined in § 74.1233 (a)(1).

1. Channel change from 255 to Intermediate Frequency (IF) Channel 201.
2. Change in antenna location that continues to provide 1 mV/m service to some portion of its previously authorized 1 mV/m service area.
(See map below.)
3. ERP increase from 0.205 kW to 0.250 kW.
4. Antenna Change from H & V polarization to V polarization.
5. Height and elevation change corresponding to site change.
