Re: Low Power Television/Television
Translator Application of:
Wasatch County
ID 131229
BNPTT-20000828BIN

Hossein Hashemzadeh,

Wasatch County has an application for translator ID 131299 on Channel 39. We also understand that Wasatch County has an application ID 129879 on Channel 39. Both have been operating on STAs (BESTA 20031212ATX AND BEST A 20030312BHQ) for sometime with no interference. The terrain between the two sites and communities is extreme. If interference becomes a problem in the future we will work with Summit County to eliminate it. Granting of both applications will help both Counties continue to provide the much-needed service.

Thank You,

A handwritten signature in cursive script that reads "Kent J. Berg".
Kent J. Berg
Wasatch County Public Works Director
