Subject: WBRU Direction  
FM Broadcast Antenna  
Providence, Rhode Island

Dear Mr. Doherty,

On November 24, 2015, representatives of Outback Engineering, Inc. observed the installation of the FM broadcasting antenna for WBRU, Providence, Rhode Island at its new antenna site in Peck Hill, Johnston, Rhode Island.

Outback Engineering certifies that the antenna was aimed in accordance with the manufacturer's installation drawing toward an azimuth of 75 degrees with respect to true north, within the prescribed tolerance of  $\pm 1/2^\circ$ .

Yours Truly,

A handwritten signature in blue ink, appearing to read "Jeffrey D. Youngquist", written over a blue circular stamp.

Jeffrey D. Youngquist, P.L.S.  
Principal, Outback Engineering
