TECHNICAL STATEMENT

This Technical Statement and attached exhibits were prepared on behalf of Baldrige-Dumas Communications, Inc. (BDC), licensee of FM radio station KDBH-FM, Channel 249A, Natchitoches, Louisiana.¹ BDC holds an outstanding construction permit BDC herein proposes to make minor changes to the KDBH-FM facilities by relocating the transmitter site.

Since BDC is proposing to locate KDBH-FM on an existing tower, the Federal Aviation Administration has not been apprised of this proposal. The proposed KDBH tower structure has been registered with the Federal Communications Commission and assigned tower registration #1021313.

Due to the co-location of two FM facilities on the same tower, the use of the worksheets to determine compliance with the Commission's RFR rules was not possible. Therefore, attached as Exhibit #A is a RFR statement that shows this proposal complies with the Commission's rules and regulations. All of the exhibits called for on FCC Form 301, Section III-B, are attached hereto. The exhibits used to certify the information contained in the technical portion of the application have been forwarded to BDC and are available to the Commission upon request.

1) BDC is operating KDBH-FM pursuant to automatic program test with the facilities authorized in BPH-20010306ABB.
