

Request for Additional Time to Register New Tower

The tower requested in application BMPDTL-20130912ABC is a new tower. The application for FAA clearance has been filed. Information has been entered in TCNS. Dublin Broadcasters, LLC is in the process of clearing this tower with local authorities, historical authorities, Wildlife and Fisheries, and other agencies involved in the process required for clearance of new tower construction. This may take three to six months to complete.

Dublin Broadcasters, LLC requests additional time to complete the tower registration process given the detailed and involved process required for clearance to construct a new tower.
