** The percent of total assets is based on the capital contributions of each partner. Each partner also is entitled to a percentage of profits which is similar, but not necessarily the same, as their percent of capital contributions. Because this entity has no debt, there are no multiple ownership issues present in this application involving the Commission's "equity-debt-plus" calculation, and due to the difficulty of calculating the percent of total assets based on a combination of the partners' percent of capital and percent of profits, the percent of total assets reported for these partners is based solely on their capital contributions.
