Subject: KRPI (Status P) in Ferndale, WA on 1550 kHz, notified in US Change List 3121

Hi George,

This is concerning KRPI (Status P) in Ferndale, WA on 1550 kHz, which was notified in US Change List 3121. In our response letter dated May 17, 2011, we objected to the proposed day-time parameters of KRPI.

We received an inquiry concerning this proposal from Stephen Acker representing KRPI. After careful reconsideration of the proposal, we accept the day-time interference caused to Canadian Class B allotment on 1570 kHz in Nanaimo, BC from KRPI (Status P) in Ferndale, WA on 1550 kHz. Accordingly we withdraw our objection.

Is this email sufficient, or will an official letter be required?

Please do not hesitate to contact me if you have any questions.

Regards,

Ara Tchobanian
