Special Temporary Authority
BESTA-20160614AAH

Dear Licensee:

This is in reference to the request filed June 14, 2016, for Radio License Holding CBC, LLC ("RLH-CBC"). RLH-CBC requests an extension of the December 17, 2015 STA for continued operations at approximately 40% of licensed power, until replacement of the transmitter can be completed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA IS HEREBY GRANTED. Station KNEV may continue to operate at reduced power. RLH-CBC must notify the Commission when licensed operation is restored. RLH-CBC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on December 13, 2016.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.
