Extension of Existing Engineering STA

The proposed facility is excluded from environmental processing under 47. C.F.R. Section 1.1306.

Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

Extraordinary circumstances: Update as of January 2022
Licensee respectfully requests an extension to the existing Engineering STA (BSTA 20190429ABG). Licensee has explored options for moving KKLS. Due to COVID, Licensee has had to endure delays in acquiring bids and plans for said transition. Further, Licensee has been delayed by illness amongst Licensee employees and a move of the station studio. In light of the on-going pandemic and delays in the supply chain and deliveries, as well as illness in the skilled workforce, Licensee is anticipating needing another six months to complete the desired transition. Licensee respectfully requests this extension in the public interest to execute this transition.

Submitted this the 20th day of January, 2022
Electronically signed: Dean Kinney, President/CEO
