Re: KNZA, Inc. (KNZA)
KAIR(AM), Atchison, KS
Facility Identification Number: 33398
Special Temporary Authority (STA)
BESTA- 20140715AAQ

Dear Mr. Oxenford::

This is in reference to the request filed on July 15, 2014. KNZA requests a second extension of the STA granted on July 9, 2013, to operate with emergency antenna facilities pursuant to 73.1680 due to equipment problems.¹ In support of the request, KNZA states that it has been unable to complete all repairs and resume licensed operations due to weather conditions, vandalism, and power company negotiations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station KAIR(AM) may operate with an emergency nondirectional antenna and reduced power not to exceed 250 watts. It will be necessary to further reduce power or cease operation if complaints of interference are received. KNZA must use whatever means are necessary to protect workers and the public from

¹ KAIR(AM) is licensed for directional operation on 1470 kHz with 1 kW (day and night).

exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. We anticipate that KZNA will file an FCC Form 302 application (if needed) after completing all repairs before the expiration date shown below.

This authority expires on **January 15, 2015**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joseph Szczesny', with a large loop on the left and a long horizontal stroke on the right.
