

Authorizations to be Assigned

The three tables below amend the information included in response to Licensee/Permittee's Section III, Item 2 of the Transfer Applications by listing the following: (1) call sign changes; (2) stations sold; and (3) FM translators cancelled.

Call Sign Changes

Table 1 below lists all call sign changes that became effective after December 12, 2006, the date on which the parties filed the Transfer Applications. This updates the call sign information included in response to Section III, Item 2, "Authorizations to be Assigned."

Sold Stations

Table 2 below lists all Form 314 assignment applications consummated after December 12, 2006, which assign stations included in the Transfer Applications. Because the Licensee no longer owns these stations, they will not be sold to the Transferee and should not be included in response to Section III, Item 2, "Authorizations to be Assigned."

Cancelled FM Translators

Table 3 below lists translator stations included in the Transfer Applications, which have been cancelled since filing those Applications on December 12, 2006. Because these stations have been cancelled, they will not be sold to the Transferee and should not be included in response to Section III, Item 2, "Authorizations to be Assigned."
