

## **Multiple Ownership Study**

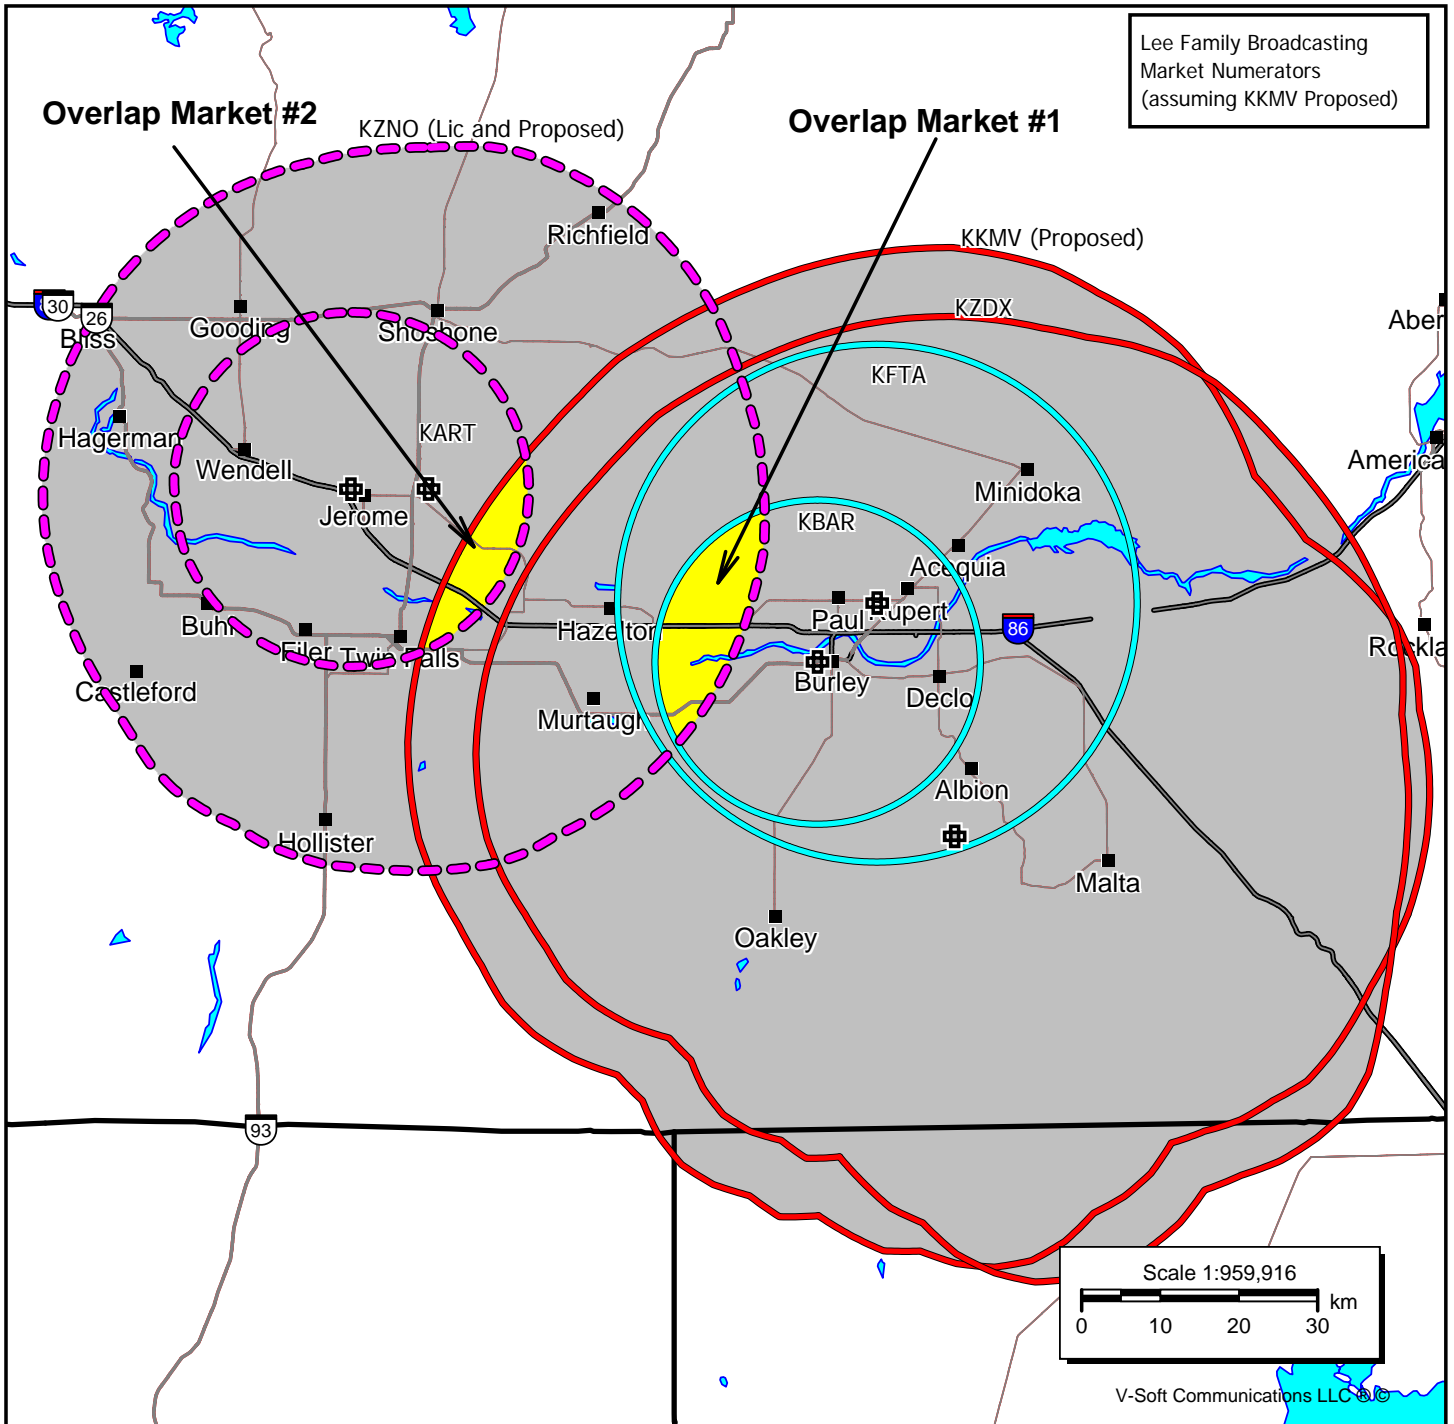

<b>Applicant:</b>	Lee Family Broadcasting, Inc.
<b>Proposed Station and Community:</b>	KKMV(FM) Rupert, ID
<b>County of License:</b>	Minidoka County
<b>County part of an Arbitron Market:</b>	Yes
<b>Station appeared “above the line”:</b>	Yes
<b>Type of Ownership Study:</b>	BIA/Arbitron & Modified Contour Overlap Method
<b>Number of Mutual Overlap Markets:</b>	2

The Community of License for the station subject to this study is located in a county which BIA and Arbitron define as being part of an Arbitron Metro (Twin Falls, ID). Also, stations that are also to be commonly attributable with the above station have appeared “above the line” in an Arbitron Ratings as reported by BIA in the previous two years and are considered “home” to the market. Therefore, both the BIA/Arbitron Method and the Modified Contour Overlap Method shall be employed to demonstrate multiple ownership compliance with Section 73.3555.

KKMV(FM) has contemporaneously filed a minor modification application with commonly attributable station KZNO(FM). KKMV(FM) instantly proposes a one step upgrade from 291C0 to 291C and, consequently, the contour overlap for the station will change accordingly as its ERP is increased. The contemporaneously proposed KZNO(FM) application implements a change in operating channel from 275C1 to 276C1 pursuant to MB Docket 06-72. Therefore, no change in the contour of KZNO(FM) will occur and, therefore, examination of the KZNO(FM) licensed and proposed facility will yield the same results in regard to that station’s compliance with Section 73.3555.

The following map depicts two distinct radio overlap markets for the proposed facility. Market #1 on Map A includes 3 FM stations and 2 AM stations. Meanwhile, Market #2 on Map A includes only one AM and two FM stations. Therefore, both radio markets will be examined herein for contour overlap compliance with Section 73.3555.

**Market #1:**

The attached map entitled “Market #1 Numerator” depicts the principal community contours of those stations that are commonly attributable to the Applicant forming Market #1. The area shaded gray on this map constitutes the Composite Overlap Area of all stations attributable to the Applicant in Market #1. The area-shaded yellow constitutes the Mutual Overlap Area of the commonly attributable stations in Market #1.

The attached map entitled “Market #1 Denominator” depicts the principal community contour overlaps of the stations included in the Denominator listed below. Each Denominator station is a full-power radio station whose principal community contour overlaps or intersects the Composite Overlap Area of Market #1 and each station has its transmitter site located within 92 kilometers from the perimeter of the Numerator’s Mutual Overlap Area of the commonly attributable stations that define Market #1. Any stations which are commonly attributable with the Applicant and do not define Market #1 are not included in the Denominator. Commercial and noncommercial stations have been counted in the Denominator.

### **Denominator Stations in Mutual Overlap Market #1:    23 Stations**

Total number of overlapping contours: 23

Distance and bearing calculations from coordinates: 42-43-54 N, 114-25-04 W

In a radio market with between 15 and 29 (inclusive) full-power, commercial and noncommercial radio stations, the Applicant may not be commonly attributable to more than 6 commercial radio stations in total and not more than 4 commercial stations in the same service (AM or FM).

Therefore, the proposal complies with Section 73.3555 in Market #1.

### **BIA/Arbitron Market:**

The stations listed in the Numerator comprise those stations that will be commonly attributable to principals of the station subject to this study that are home to the subject BIA/Arbitron Market. The Denominator consists of Commercial Stations which BIA/Arbitron define as being home to this radio market and Non-Commercial stations which are not rated by BIA/Arbitron but whose Community of License are located in a county which BIA/Arbitron define as this radio market.

### **Numerator Stations:**

### **3 AM and 3 FM**
