Re: K235BP, Bemidji, MN
Facility ID No. 152419
Construction Permit File No. BPFT-20161027ACT
Construction Deadline: January 11, 2021
Request for Tolling of Construction Permit

Dear Ms. Dortch:

HBI Radio Bemidji, LLC (“Licensee”) holds the above-captioned construction permit (“Construction Permit”) to modify the facilities of FM translator station K235BP, Bemidji, Minnesota. By its counsel and pursuant to Sections 1.3 and 73.3598(b) of the Commission’s Rules,¹ Licensee hereby requests tolling of the construction period for the Construction Permit.

The impact of COVID-19 pandemic has forced Licensee to delay the modification of its facilities as authorized by the Construction Permit. On March 13, 2020, the Governor of the State of Minnesota issued an executive order (“Minnesota Executive Order”) declaring a state of emergency and other measures to help slow the spread of the COVID-19 virus. See Exhibit 1. The Minnesota Executive Order has since been extended and expanded by subsequent Executive Orders, most recently on April 30, 2020, as shown in Exhibit 2. Because of this Act of God, tolling is appropriate for a six month period, absent earlier resolution of the COVID-19 closure.

Section 319(b) of the Communications Act of 1934, as amended, provides that a construction permit “will be automatically forfeited if the station is not ready for operation within the time specified or within such further time as the Commission may allow, *unless prevented by causes not under the control of the grantee*.”² The Commission has established procedures for tolling the construction period for construction permits when warranted.³ Specifically, Section 73.3598(b) provides that a construction period will toll when construction is prevented for certain “causes not under the control of the permittee.”⁴ To receive tolling, a permittee must demonstrate that it could not build due to a Commission-recognized encumbrance and that the permittee has had, in total, less than three unencumbered years to construct the facility.⁵

Licensee submits that tolling of the Construction Permit would be appropriate in this case because, due to circumstances not under the control of Licensee, implementation of the modifications to K235BP has been encumbered by delays caused by a worldwide pandemic of historic proportions. Licensee is reluctant to commit employees to this modification during the current crisis. Similarly, in the current circumstances, the ability to schedule engineering and tower contractors to construct these new facilities is in doubt. Finally, Licensee anticipates that delays and limitations due to the pandemic will continue into the summer, and perhaps well into autumn. Given Minnesota’s long winters, the window to implement the Construction Permit is very short.

Without having the ability to construct during the summer and possibly longer, Licensee will be unable to complete construction before the expiration of the Construction Permit.

Given the unique circumstances caused by the COVID-19 pandemic, Licensee’s

inability to implement the Construction Permit is beyond its ability to control and should be considered an “act of God,” which serves as a basis for tolling under Section 73.3598(b) of the Commission’s rules.

Licensee therefore submits that the public interest will be served by tolling the January 11, 2021 construction deadline for the Construction Permit for six months, absent earlier resolution of the COVID-19 closure.

Respectfully submitted,

Emergency Executive Order 20-01

Declaring a Peacetime Emergency and Coordinating Minnesota's Strategy to Protect Minnesotans from COVID-19

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The infectious disease known as COVID-19, an act of nature, has now been detected in 118 countries and territories, including the United States. COVID-19 has been reported in 42 states. There are over 1,600 confirmed cases nationwide, including fourteen in Minnesota.

The U.S. Department of Health and Human Services Secretary has declared a public health emergency for the United States to aid the nation's healthcare community in responding to COVID-19. The World Health Organization has recently assessed that this outbreak can be characterized as a pandemic.

In coordination with other state agencies, local governments, and partners in the private sector, the Minnesota Department of Health ("MDH") has been preparing for and responding to the COVID-19 pandemic in Minnesota.

On April 4, 2019, I issued Executive Order 19-22, which assigned emergency responsibilities to state agencies to respond to and assist in recovery from the effects of natural or technological emergencies, including responsibility to engage in emergency preparedness efforts. On April 4, 2019, I also issued Executive Order 19-23, which directed state agencies to engage in continuity of government and continuity of operations planning. That Executive Order established the Continuity Policy Coordination Sub-Cabinet to develop and maintain a framework for a continuity of government plan, and to oversee agency continuity of operations planning, led by Minnesota Management and Budget ("MMB").

Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. Our State has been actively conducting continuity planning for state agency operations. MMB activated its Statewide Contingency Response Team ("SCRT"), which meets regularly to coordinate and direct state agencies to ensure priority government services continue. State agency emergency managers and continuity coordinators from the agencies have

been meeting together and sharing information related to emergency management and continuity of operations planning activities.

The State also has activated our Joint Information Center (“JIC”), led by the Department of Public Safety (“DPS”) and MDH. The JIC is responsible for sharing operational updates and keeping the public informed on COVID-19. This group convenes daily to provide consistent, coordinated, and timely information.

Agencies have activated their internal command or continuity teams and have been reviewing their emergency response and continuity plans, which are plans in place that outline how agencies will provide priority services during an emergency. Agencies have been reviewing their priority services and preparing their employees with the goal of providing uninterrupted priority services throughout an emergency.

On January 29, 2020, MDH instituted its Incident Command System (“ICS”). The ICS provides a standardized approach to the command, control, and coordination of emergency response. MDH convened a state agency COVID-19 coordinating group on March 3, 2020. DPS’s Division of Homeland Security and Emergency Management (“HSEM”) activated the State Emergency Operations Center on March 6, 2020.

MDH remains in close contact with federal, state, and local partners, and the Commissioner of Health recently convened a group of experts, including healthcare professionals (doctors, nurses, administrators, insurers), government partners (cities, counties, tribal nations), business and labor leaders, educators (child care, K-12, higher ed), public health experts, and authorities on long term care and Minnesota’s aging population. This cross-sector group provides guidance to the Commissioner on MDH’s strategies for responding to COVID-19.

As part of the response, MDH experts have been providing timely information and education to the public and stakeholders through up-to-date website information, regular press briefings, and calls for stakeholders such as schools, long-term care facilities, healthcare providers, and the business community. MDH’s COVID-19 website, with materials available in 16 languages, has been accessed by thousands of Minnesotans.

Local resources are inadequate to fully address the COVID-19 pandemic. We must continue to take this pandemic seriously, and there are sensible steps that Minnesotans and our state government can take to protect all Minnesotans by slowing the spread of COVID-19, prioritizing our healthcare resources, and safeguarding at-risk communities.

For these reasons, I declare a peacetime emergency in Minnesota and order as follows:

1. In consultation with federal, state, and local partners, tribal nations, relevant experts, and stakeholders, MDH will continue to lead the coordination of the State’s response to COVID-19.
2. HSEM will continue to assist MDH and coordinate support through the State Emergency Operations Center and in accordance with the Minnesota Emergency Operations Plan.

3. All state agencies, in cooperation with appropriate federal agencies, will work to support healthcare providers, tribal and local governments, and public health organizations as they respond to COVID-19.
4. The Minnesota National Guard will ensure that it is ready to assist as needed during this peacetime emergency.
5. In consultation with the Centers for Disease Control and Prevention, as well as public health, medical, and other experts, MDH will continue to provide guidance that is accessible and transparent to all Minnesotans, including guidance on how to best prevent and reduce community spread of COVID-19 within Minnesota and manage critical healthcare resources.
6. I encourage individual Minnesotans to help protect all Minnesotans by continuing their individual prevention efforts such as staying home when feeling sick, frequently washing their hands, and monitoring information about COVID-19.
7. I urge and advise Minnesotans to follow MDH guidance regarding hygiene, public gatherings, social distancing, and healthcare use. Minnesotans should regularly check MDH's COVID-19 webpage: <https://www.health.state.mn.us/diseases/coronavirus/>
8. As circumstances require, and pursuant to relevant law, I will issue orders and rules to protect public health and safety. All state agencies are directed to submit proposals for such orders and rules to my office.

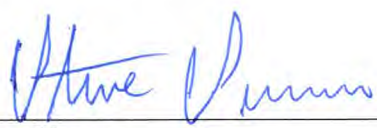

This Executive Order and declaration of peacetime emergency is effective immediately under Minnesota Statutes 2019, section 4.035, subdivision 2, and its duration is governed by Minnesota Statutes 2019, section 12.31, subdivision 2.

Signed on March 13, 2020.

Emergency Executive Order 20-48

Extending and Modifying Stay at Home Order, Continuing Temporary Closure of Bars, Restaurants, and Other Places of Public Accommodation, and Allowing Additional Workers in Certain Non-Critical Sectors to Return to Safe Workplaces

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic presents an unprecedented challenge to our State. On March 11, 2020, the World Health Organization (“WHO”) characterized the COVID-19 outbreak as a pandemic. Despite efforts to contain COVID-19, the WHO and the Centers for Disease Control and Prevention (“CDC”) indicate that it is expected to spread. Confirmed cases of COVID-19 in Minnesota are rapidly increasing. On March 15, 2020, Minnesota detected the first confirmed cases caused by “community spread”—infections not epidemiologically linked to overseas travel. By March 17, 2020, all fifty states had reported a confirmed case of COVID-19. And on March 21, 2020, the Minnesota Department of Health (“MDH”) announced the first confirmed fatality due to COVID-19 in Minnesota.

Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency because this pandemic, an act of nature, threatens the lives of Minnesotans, and local resources are inadequate to address the threat. On April 13, 2020, after notifying the Legislature, I issued Executive Order 20-35, extending the peacetime emergency declared in Executive Order 20-01. Previous Executive Orders required the closure of bars, restaurants, and other places of public accommodation and directed Minnesotans to stay at home except for certain exempted activities and Critical Sector work.

Community spread of COVID-19 continues to increase in Minnesota and nationwide. Just three weeks ago, on April 8, 2020, Minnesota had 1,154 confirmed COVID-19 cases, with 271 hospitalizations and 39 fatalities. As of today, Minnesota has had 5,136 confirmed COVID-19 cases, with 1,044 hospitalizations and 343 fatalities. The United States has recorded over 1,005,000 COVID-19 cases with over 57,500 recorded fatalities. The continued presence of community spread in Minnesota and the rapid increase in COVID-19 cases and deaths require us

to continue our measures to slow the spread of this pandemic. Slowing the community spread of COVID-19 is critical to ensuring that our healthcare facilities remain able to accommodate those who require intensive medical intervention.

Executive Orders 20-20 and 20-33 permitted work in Critical Sectors based on guidance from the U.S. Department of Homeland Security. That Guidance has since been updated and revised. This order adopts and relies on the April 17, 2020 Guidance on the Essential Critical Infrastructure Workforce: Ensuring Community and National Resilience in COVID-19 Response, Version 3.0 (“CISA Guidance (version 3.0)”—attached to, and incorporated into, this Executive Order). The CISA Guidance (version 3.0) identifies workers who conduct a range of operations and services that are essential to continued critical infrastructure viability. This federal guidance provides a baseline for Minnesota’s efforts to ensure critical infrastructure and services are maintained while slowing the spread of COVID-19.

Many Minnesotans, who neither work in a Critical Sector nor can work from home, have been unable to work during this pandemic. In Executive Order 20-33, seeking to balance public health needs and economic considerations, I directed the MDH Commissioner, and the Commissioners of the Minnesota Department of Employment and Economic Development (“DEED”) and the Minnesota Department of Labor and Industry (“DLI”) to begin planning to allow certain non-Critical Sector workers to return to work when it is safe to do so. I explained that such a plan must include guidelines and requirements for appropriate social distancing, hygiene, and public health best practices. In Executive Order 20-38, I expanded exemptions related to outdoor recreational activities and facilities. In Executive Order 20-40, I further allowed certain non-Critical Sector workers to return to work once their employers had planned for and provided a safe work environment. This Executive Order continues our plan to safely reopen our economy.

Businesses have the opportunity to resume work through preparation and planning that will allow for compliance with the Minnesota Occupational Safety and Health Act of 1973, Minnesota Statutes 2019, Chapter 182 (“Minnesota OSHA Standards”), in addition to guidelines related to COVID-19 set forth by the Minnesota Department of Health and the Centers for Disease Control and Prevention (“MDH and CDC Guidelines”). We will continue to monitor the level of COVID-19 cases and explore whether more workers can safely return to other workplaces.

In Minnesota Statutes 2019, section 12.02, the Minnesota Legislature conferred upon the Governor emergency powers “in order to (1) ensure that preparations of this state will be adequate to deal with disasters, (2) generally protect the public peace, health, and safety, and (3) preserve the lives and property of the people of the state.” Pursuant to Minnesota Statutes 2019, section 12.21, subdivision 1, the Governor has general authority to control the state’s emergency management as well as carry out the provisions of Minnesota’s Emergency Management Act.

Minnesota Statutes 2019, section 12.21, subdivision 3(7), authorizes the Governor to cooperate with federal and state agencies in “matters pertaining to the emergency management of the state and nation.” This includes “the direction or control of . . . the conduct of persons in the state, including entrance or exit from any stricken or threatened public place, occupancy of facilities, and . . . public meetings or gatherings.” Pursuant to subdivision 3 of that same section, the Governor may “make, amend, and rescind the necessary orders and rules to carry out the

provisions” of Minnesota Statutes 2019, Chapter 12. When approved by the Executive Council and filed in the Office of the Secretary of State, such orders and rules have the force and effect of law during the peacetime emergency. Any inconsistent rules or ordinances of any agency or political subdivision of the state are suspended during the pendency of the emergency.

For these reasons, I order as follows:

1. Beginning on Sunday, May 3, 2020 at 11:59 pm through Sunday, May 17, 2020 at 11:59 pm, all persons currently living within the State of Minnesota are ordered to stay at home or in their place of residence except to engage in the Activities set forth below in paragraph 5 and to work in Critical Sectors and Non-Critical Exempt Businesses as forth below in paragraphs 6 and 8. Executive Orders 20-33, 20-38, 20-40, and 20-47 are rescinded as of Sunday, May 3, 2020 at 11:59 pm.
2. This Executive Order does not restrict virtual work or telework (*i.e.*, work from home). Minnesotans working in any field, including the Critical Sectors and Non-Critical Exempt Businesses set forth below, must work from their home or residence as much as possible. Any worker who can work from home must do so.
3. **Masks and face coverings.** I strongly encourage all Minnesotans to wear a manufactured or homemade cloth face covering at all times when they leave their homes and travel to any public setting where other social distancing measures are difficult to maintain (*e.g.*, grocery and other stores), and to follow face covering guidelines issued by MDH and the CDC until this order is rescinded. Such face masks and coverings are for source control – to help limit the person wearing the covering from infecting others. They are not yet known to be protective of the wearer and thus are not personal protective equipment.
4. **Definitions.** For purposes of this Executive Order, homes or residences include mobile homes, hotels, motels, shared rental units, shelters, and similar facilities, to the extent they are used for lodging. As used in this Executive Order, “workers” and “personnel” are broadly defined to include owners, proprietors, employees, contractors, vendors, volunteers, and interns. As used in this Executive Order, “Critical Sectors” is defined to include the categories found in the CISA Guidance (version 3.0) and the additional categories listed below in paragraph 6.
5. **Exemptions – Activities.** Minnesotans may leave their homes or residences to engage in the following activities, provided that all persons follow the MDH and CDC Guidelines, including but not limited to social distancing, to the maximum extent possible. **Consistent with federal guidance and to protect our neighbors, Minnesotans are encouraged to stay close to home and are strongly discouraged from engaging in unnecessary travel.** This list of Activities may be clarified, as deemed necessary by the Governor, to ensure the health, safety, and security of all Minnesotans. Clarifications will be available for public review at:
<https://mn.gov/covid19/>

- a. **Relocation to ensure safety.** Individuals whose homes or residences are unsafe or become unsafe, including individuals who have suffered or are at risk of domestic violence or for whom the safety, sanitation, or essential operations of their home or residence cannot be maintained, are allowed and urged to leave their home or residence and relocate to a safe alternative home or residence.
- b. **Health and safety activities.** Individuals may seek emergency services; obtain medical services, supplies, and medications; and visit a healthcare or dental professional or facility, or a veterinarian. Individuals may also donate blood.
- c. **Outdoor Recreational Activity.** Individuals **must not** engage in outdoor recreational activities where they will come into close proximity with others from different households. Individuals may engage in the activities listed below, provided that they follow the Minnesota Department of Natural Resources (“DNR”) and MDH guidelines on outdoor recreation and guidelines for facilities and the public (“Outdoor Recreation Guidelines”) available at DNR’s COVID-19 website (<https://www.dnr.state.mn.us/covid-19.html>):
 - i. Individuals may engage in any outdoor activity that is dependent upon or derives its principal benefit from natural surroundings and open space, including but not limited to hunting, fishing, trapping, boating, hiking, biking, golfing, and picnicking for the purposes of pleasure, rest, exercise, or relaxation, provided that the activity can be engaged in accordance with the Outdoor Recreation Guidelines, including maintaining at least six feet of separation between participants from different households. Groups **within a single household** may engage in outdoor activities or sports that do not allow for social distancing (e.g., soccer or basketball) but should not engage in such activities with members of other households.
 - ii. Outdoor recreational activities allowed by this Executive Order **do not include** performances, competitions, team events, tournaments, races, rallies, organized sports, spectator events, fairs, or any other events that involve the gathering of individuals in a manner that would preclude social distancing. For example, individuals must not partake, as participants or as spectators, in activities such as marathons, fundraising walks, fishing contests, league sports, and tournaments.
 - iii. All persons participating in outdoor recreational activities under this Executive Order must follow the Outdoor Recreation Guidelines.
 - iv. Nothing in this paragraph permits trespass upon private property, and all activities undertaken pursuant to this paragraph must be undertaken in accordance with Minnesota law, including but not limited to license

and permit requirements, invasive species regulations, and park rules. Nothing in this paragraph should be construed to abrogate existing local authority to limit or restrict activities or close facilities.

- d. **Supplies and services.** Individuals may leave their residences to:
 - i. Obtain food, including delivery or carry-out services, beverages (alcoholic and non-alcoholic), and other grocery items.
 - ii. Obtain gasoline.
 - iii. Obtain supplies needed to work from home.

 - v. Obtain products needed to maintain the safety, sanitation, and essential operation of homes and residences, businesses, and personally owned vehicles, including automobiles and bicycles.
 - vi. Visit and use the services of laundromats and dry cleaners.
 - vii. Pick up retail products from establishments offering curbside pickup services.
- e. **Essential intrastate and interstate travel.** Minnesotans are encouraged to stay close to home and are strongly discouraged from engaging in unnecessary travel. Individuals may travel to exempted activities and may travel to return to a home or place of residence. Individuals may also travel into and out of Minnesota.
- f. **Care of others.** Individuals may care for a family member, friend, or pet in another household, and may transport family members, friends, or pets as allowed by this Executive Order, including the transport of children pursuant to existing parenting time schedules or other visitation schedules pertaining to a child in need of protective services (CHIPS) proceeding.
- g. **Displacement.** Individuals without a home are exempt from the restrictions in this Executive Order, and they may move between emergency shelters, drop-in centers, and encampments. Encampments, including both new and existing encampments, should not be subject to sweeps or disbandment by state or local governments, as such sweeps or disbandment increase the potential risk and spread of COVID-19.
 - i. Law enforcement is not prohibited from addressing trespassing or exigent circumstances (*i.e.*, those requiring immediate action to protect life, prevent injury, or preserve evidence) that occur within

encampments or among people staying outdoors. Law enforcement and other first responders should respond to trespassing and exigent circumstances as those situations require.

- ii. If a local government entity is providing sufficient alternate housing, shelter, or encampment space that complies with MDH's guidance entitled *Homeless Services Settings: Interim Guidance for Providers* and the CDC's guidance entitled *Responding to COVID-19 Among People Experiencing Unsheltered Homelessness*, or if an encampment has reached a size or status such that is a documented threat to the health, safety, or security of residents, state or local governments may restrict, limit, or close encampment spaces.
 - iii. The commissioners of the Minnesota Housing Finance Agency and the Minnesota Department of Human Services are authorized, as co-chairs of the Minnesota Interagency Council on Homelessness, to issue additional guidance as needed to clarify this provision or further address the issue of homeless encampments.
- h. **Moving or relocation.** Individuals are permitted to move to a new home or place of residence, provided they follow MDH and CDC Guidelines to the maximum extent possible.
 - i. **Voting.** Individuals are permitted and encouraged to vote in all state and local elections. Voters are also encouraged to vote by mail using an absentee ballot where feasible. Additional information from the Secretary of State is available at <https://www.sos.state.mn.us/election-administration-campaigns/elections-calendar/2020-elections-and-covid-19/>
 - j. **Funerals.** Individuals may leave their home or residence to attend funerals, whether at a place of worship, funeral home, burial site, or other similar location, provided that the gathering consists of no more than 10 attendees. The space utilized must allow for social distancing and compliance with MDH and CDC Guidelines to the maximum extent possible. Venues should make accommodations for remote attendance, if possible, for others. Individuals who are at high risk from COVID-19 are strongly encouraged to attend remotely.
 - k. **Weddings.** Individuals may leave their home or residence to be married, to serve as witnesses, or to officiate a marriage, provided that the gathering consists of no more than 10 attendees. The wedding location must allow for social distancing and compliance with MDH and CDC Guidelines to the maximum extent possible. The restrictions on places of public accommodation adopted in Executive Orders 20-04, 20-18, and this Executive Order otherwise remain in effect.
 - l. **Tribal Activities and Lands.**

- i. Activities by tribal members within the boundaries of their tribal reservations are exempt from the restrictions in this Executive Order but may be subject to restrictions by tribal authorities.
- ii. Activities within the boundaries of federal land held in trust for one of the 11 Minnesota Tribal Nations are exempt from the restrictions in this Executive Order but may be subject to restrictions by tribal authorities.
- iii. Activities by tribal members to exercise their federal treaty rights within the boundaries of their treaty territory (also known as “ceded territory”) are exempt from the restrictions in this Executive Order but may be subject to restrictions by applicable tribal authorities.
- iv. Tribal members may travel to and from their tribal reservations in accordance with applicable tribal law.

6. **Exemptions – Critical Sectors. All workers who can work from home must do so.** Workers in the following Critical Sectors, who are performing work that cannot be done at their home or residence through telework or virtual work and can be done only at a place of work outside of their home or residence, are exempted from the prohibition in paragraph 1 of this Executive Order as set forth below. **These Critical Sector exemptions apply only to travel to and from an individual’s home or residence and place of work and an individual’s performance of work duties that cannot be done at their home or residence. Travel may include transportation to and from child care or school settings as necessary to ensure the safe care of children.** This list of Critical Sectors may be clarified, as deemed necessary by the Governor, to ensure the health, safety, and security of all Minnesotans. These clarifications carry the full weight and effect of this Executive Order. Clarifications are available for public review at: <http://mn.gov/deed/critical/>

- a. **Healthcare and public health.** As applicable, healthcare and public health workers are subject to the restrictions on elective surgeries and procedures as set forth in Executive Orders 20-09 and 20-17. This category is limited to:
