July 28, 2003

WEZJ Radio
522 Main Street
Williamsburg, Kentucky 40769

ATTEN: Paul Estess

Dear Paul:

Please be advised that my survey crew was present on July 22, 2003 when the new antennae were installed on the WEZJ radio tower at Mount Morgan. My crew provided the directional alignment on an azimuth of 288°00'00", with 0°00'00" being True North, as directed by the engineer in charge.

Thanking you for the opportunity to be of service.

Sincerely,

A handwritten signature in blue ink, reading "James Q. Meredith". The signature is fluid and cursive, with the first name "James" and last name "Meredith" clearly legible.

JAMES Q. MEREDITH
KY LIC. L.S. NO. 1387
