Ms Catherine Frasco
Centenary College of Louisiana
P.O. Box 41188,
Shreveport, La., 71134-1188

Dear Catherine:

We do not foresee any serious problem to the KTAL-TV, channel 6 signal due to your amending your application to the FCC for increased power and antenna changes.

Should any unexpected interference occur, we would, of course expect Centenary to take action to correct it.

Sincerely,

Terry Kepler
Chief Engineer
KTAL-TV
