Re: Visions Multi Media Group – WUFO Radio LLC  
(VMMG)  
WUFO(AM), Amherst, NY  
Facility Identification Number: 60154  
Special Temporary Authorization (STA)  
BESTA-20210628AAA

Dear Ms. Brown:

This is in reference to the request filed on June 28, 2021. VMMG requests a further extension of the STA granted on September 24, 2013, to continue operating using the existing WECK tower specified in the construction permit BP-20190422AAV to allow time to file the FCC Form 302 license application.<sup>1</sup> In support of the request, we noted that VMMG did not file the application over the past six months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and VMMG may continue to operate daytime-only with a maximum of 1 kW using the existing WECK tower as specified in the permit. VMMG must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's

---

<sup>1</sup> WUFO(AM) is licensed for ND daytime-only operation on 1080 kHz with 1 kW, and BP-20190422AAV proposes a 1 kW ND daytime-only facility using the existing WECK tower.

exposure guidelines. *See* 47 CFR §1.1310. VMMG must submit an e-mail to note the date the application was filed to verify no further STA operation will be needed.

This authority expires on **December 28, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
