RE: WEGB Radio; *Montauk, NY*  
*Our Job No. S04080*  
***Antenna Certification***

Dear Pastor Kinney:

This is a certification of the antenna direction on the radio truss tower (Crown Castle International Corp. No. 872861) located at Montauk, New York. The antenna was installed on the tower leg bearing 188 degrees 48 minutes from center. The antenna is directed towards an azimuth of **238 degrees** referenced to true geodetic north as measured in the field on the date of installation, October 6, 2011.

Sincerely,

Jerome T. D'Amaro  
Professional Engineer, Land Surveyor & HERS Rater
