In re: Low Power Television Application of:
JIL Production Group LLC
Channel 69, McAllen, TX.
BPTTL-20060911AAP
Facility Id No.:16230

Dear Applicant:

We are currently processing your above-referenced application. Our records show that the above referenced proposed application required coordination with Mexico.

Our records further show that Mexico notified the FCC of their objection to the proposed construction permit on October 7, 2009, for the following reason:

The proposal does not comply with separation in distance towards channel 54 in Matamoros and 65 in Reynosa, both cities being part of the State of Tamaulipas, which is a Mexican Adjudication of digital and analogue television.

As a result of the objection from the Mexican Authorities, the above referenced construction permit IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
Associate Chief
Video Division
Media Bureau
