RE: DIRECTIONAL ANTENNA  
KOUZ, BLANCHARD, LA.

This is to certify that I, Gerald Fussell, am a Professional Land Surveyor, Number 1545, licensed by the State of Louisiana and that on March 2, 2006, a survey was made under my direct supervision for the installation of the directional FM antenna for radio station KOUZ, Blanchard, Louisiana. We found that the antenna had been installed in accordance with the manufacturer's, ERI, instructions. Further we find that the antenna was mounted on the tower and is oriented at a true azimuth of 358 degrees or North 2 degrees West. We believe that the azimuth is plus or minus 1/2 degree.
