Los Angeles, California DMA

The triggering of the Commission's daily newspaper cross-ownership rule, 47 C.F.R. Section 73.3555(d), (the "Daily Newspaper Cross-Ownership Rule") due to the attributable, non-controlling interests of certain parties to the Transferee will not have any adverse effect on the multiplicity of media voices in the Los Angeles, California area because, as demonstrated herein, Los Angeles residents have access to a large variety of local broadcast and non-broadcast media.

The Los Angeles, California Designated Market Area (the "Los Angeles DMA") is ranked as the second largest market in the nation by Nielsen Media Research. ^{1/} The Los Angeles DMA has a total of 25 commercial and non-commercial full-power television stations. ^{2/} These 25 television stations include affiliates of ABC, CBS, NBC, FOX and PBS, as well as nine independent stations. ^{3/} Moreover, these 25 television stations today are owned by 20 different entities, and the proposed transfer of control will not change this diversity of television voices. ^{4/} In addition to the full-power television stations, there are 56 low-power television stations (including four Class A stations) in the DMA, many of which provide additional programming to viewers, including Spanish-language programming (*e.g.*, KSFV-LP,

San Fernando Valley) and a shopping channel (*e.g.*, KSKJ-CA, Van Nuys). 5/ Indeed, it is precisely for these reasons and others that the Commission has described the television market in Los Angeles as “exceptionally diverse.” 6/

The Los Angeles DMA also is served by a vibrant and diverse radio market, including 111 FM stations and 58 AM stations. 7/ The radio services available to Los Angeles residents include Spanish-language programming (*e.g.*, KHJ(AM), Los Angeles; KIQQ(AM), Barstow), religious programming (*e.g.*, KWTH(FM), Barstow; KHMS(FM), Victorville), news programming (*e.g.*, KFWB(AM), Los Angeles; KNX(AM), Los Angeles) and sports programming (*e.g.*, KMPC(AM), Los Angeles), in addition to a wide variety of other talk and music formats. 8/

The Los Angeles market also is well served by multi-channel video programming distributors (“MVPDs”). Over 80 percent of households in the Los Angeles DMA subscribe to some form of MVPD service, 9/ most commonly cable television service, which has a penetration rate of 59 percent (3,214,160 households) in Los Angeles and is provided over 77 separate cable systems owned by 19 different cable operators. 10/

10/ See Table A-3.

DBS providers EchoStar and DirecTV also serve subscribers in the Los Angeles DMA, and both offer local-into-local delivery of Los Angeles broadcast television stations to their Los Angeles subscribers. 11/ Los Angeles residents also have access to two Satellite Digital Audio Radio Services, Sirius and XM Radio, each offering nearly 200 digital audio channels. 12/

With respect to the newspaper market, ten daily newspapers and 59 weekly newspapers are published in the Los Angeles DMA. 13/ As described in Exhibit 18-B, principals of one of Transferee's attributable shareholders have a non-controlling, 16 percent attributable interest in Freedom Communications, Inc., which is the publisher of *The Orange County Register* of Santa Ana, California. *The Orange County Register's* circulation of 271,046 is dwarfed by that of the *Los Angeles Times*, which exceeds 1.2 million and serves the Orange County community. 14/ Los Angeles residents benefit from a diverse selection of other local print media as well, including a number of Spanish-language publications, (*e.g.*, the daily newspaper, *La Opinion*, and the weekly *El Economico*) and many other publications catering to the particularized needs, interests and concerns of communities within the DMA, including the *Mexican American Sun*, the *LA Weekly*, the *Jewish Community Chronicle*, the *Taiwan Journal*,

11/ See http://www.dishnation.com/local_channels.jsp for local channels available via EchoStar and <http://www.directv.com/DTVAPP/global/contentPage.jsp?assetId=1000013> for local channels available via DirecTV.

12/ See Sirius's website at <http://www.sirius.com> and XM Radio's website at <http://www.xmradio.com>.

13/ See Table A-4.

14/ *Id.* The *Los Angeles Times* also covers Orange County news on its website. See <http://www.latimes.com/news/local/orange/>.

the *Beirut Times* and the *Korea Times*. 15/ Indeed, in addition to the *Orange County Register*, residents of Santa Ana, in particular, have access to four independent weekly papers published in Santa Ana: the *Excelsior*, the *Tustin News*, the *Azteca News*, and the *OC Weekly*. 16/

Given the presence of strong competition and the diversity of voices in the Los Angeles DMA, grant of the limited waiver sought is consistent with Commission precedent and would serve the public interest by facilitating the prompt consummation of the proposed multi-station, multi-market transaction and an orderly process for achieving compliance with the Commission's ownership rules.
