

ADDENDUM 2 TO EXHIBIT 7

OTHER AUTHORIZATIONS AND ATTRIBUTABLE INTERESTS

In Exhibit 7, the Applicants described an attributable interest held by GE and GECC under the FCC's EDP rule in ACN's two small daily newspapers in the Dallas-Fort Worth, Texas market: the *Plano Star Courier* and the *McKinney Courier-Gazette* as a result of the decline in the value of ACN assets and the conversion of a portion of GECC's loans to ACN to equity. The Applicants also noted that the Commission affords parties a reasonable time to come into compliance with any ownership restrictions made applicable as a result of a change in attributable status due to unforeseen circumstances.

By this Addendum, the Applicants hereby report that GECC no longer holds an attributable interest in ACN as its EDP interest has been reduced below the 33 percent benchmark. Accordingly, GE is now in compliance with the Commission's television/newspaper cross-ownership rule in the Dallas-Fort Worth, Texas market.

The Applicants hereby also conform all other relevant references in the Application, including the Public Interest Statement, to comport with this Addendum.¹

¹ Please note that, to the extent necessary, the Applicants intend this conforming amendment to also apply to the Applicants' international and wireless applications on FCC Forms 312 and 603. *See, e.g.*, FCC Form 312 Lead Application File No. SES-ASG-20100201-00148; and FCC Form 603 Lead Application File No. 0004101576.
