LPFM NEW APPLICATION

CDBS ACCOUNT 494832

Education mission statement for FCC app, #5

5) Our station's mission is to educate our community about the rich cultural heritage and the new and emerging cultural opportunities within the northwest Seattle neighborhoods we'll directly serve. These neighborhoods include Ballard, Fremont, Phinney Ridge, Greenwood, Loyal Heights, Crown Hill and the north slopes of Queen Anne and Magnolia, about 100,000 people altogether.

We expect to provide a consistent, reliable, curated, and highly diverse schedule of local news, talk, interviews, music, and heritage programming.

Our proposed schedule will provide rich opportunities for community members, from youths to adults to seniors, to develop radio journalism and technology skills. We hope to eventually originate programming at a number of local schools, and upload finished pieces directly to our programming server, as a kind of "crowd-sourcing".

We are partnering with numerous organizations, including non-profits, neighborhood associations, schools and youth organizations, and local businesses, to develop programming that reflects, supports, and serves as a "fulcrum", or crossroads for our community.

We've already reached out to many local potential partners including: the History House, the Nordic Heritage Museum, Ballard High School, Salmon Bay & Whitman Middle Schools, School of Rock, Seattle Teen Music, local branches of Seattle Public Library, the Ballard District Council, the Phinney Neighborhood Association, local music and arts venues, the MyBallard and Seattle Schools blogs, the Ballard Tribune newspaper, and KUOW FM radio. We've also been developing relationships with local musicians, DJs and event promoters.

ARTICLE 7. INDEMNIFICATION

7.1 Right to Indemnification

The corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "*Proceeding*"), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a Director or officer of the corporation or, while a Director or officer of the corporation, is or was serving at the request of the corporation as a Director, officer, partner, trustee, employee or agent of another corporation, or of a foundation, partnership, joint venture, limited liability company, trust, enterprise or other nonprofit entity, including service with respect to employee benefit plans (each such other entity, "*Another Enterprise*") (such person, an "*Indemnified Person*"), against all liability and loss suffered and expenses (including attorneys' fees) actually and reasonably incurred by such Indemnified Person in connection with such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 7.4 of this Article 7, the corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part of such Proceeding) commenced by such Indemnified Person only if the commencement of such Proceeding (or part of such Proceeding) by the Indemnified Person was authorized in advance by the Board of Directors.

7.2 Restrictions on Indemnification

The corporation may not indemnify any Indemnified Person for: (a) acts or omissions of the Indemnified Person finally adjudged to be intentional misconduct or a knowing violation of law; (b) conduct of the Indemnified Person finally adjudged to be in violation of violation of Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.310 of the Washington Business Corporation Act; or (c) any transaction with respect to which it was finally adjudged that such Indemnified Person personally received a benefit in money, property or services to which the Indemnified Person was not legally entitled or if the corporation is otherwise prohibited by applicable law from paying such indemnification; provided, however, that if Section 23B.08.560 or any successor provision of the Washington Business Corporation Act is hereafter amended, the restrictions on indemnification set forth in this Section 7.2 shall be as set forth in such amended statutory provision.

7.3 Expenses Payable in Advance

The corporation shall pay the reasonable expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of such Proceeding's final disposition (such expenses, "*Advanced Expenses*"), provided, however, that, to the extent required by law, such payment of Advanced Expenses in

advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all Advanced Expenses if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Article 7 or otherwise. Notwithstanding any of the foregoing in this Section 7.3, the corporation shall not be required to pay any Advanced Expenses to a person against whom the corporation directly brings a claim alleging that the corporation is not required to indemnify such person under Section 7.2 of this Article 7.

7.4 Written Statement Required and Right of Indemnified Person to Bring Suit

An Indemnified Person seeking indemnification pursuant to Section 7.1 or Advanced Expenses pursuant to Section 7.3 must first submit to the Board a sworn statement requesting indemnification or Advanced Expenses, as the case may be, and reasonable evidence of all such amounts requested by such Indemnified Person (such statement, a "**Claim**"). If (a) a Claim pursuant to Section 7.1 above is not paid in full by the corporation within 60 days after such Claim has been received by the corporation, or (b) a Claim pursuant to Section 7.3 above is not paid in full by the corporation within 30 days after such Claim has been received by the corporation, then the Indemnified Person may at any time after the expiration of the applicable period bring suit against the corporation to recover the unpaid amount of such Claim. If an Indemnified Person succeeds in whole or in part in any such suit or in a suit brought by the corporation to recover Advanced Expenses pursuant to the terms of an undertaking, then such Indemnified Person is also entitled to receive reimbursement from the corporation for the expense of prosecuting or defending such suit. The Indemnified Person shall be presumed to be entitled to indemnification under this Article 7 upon submission of a Claim (and, in an action brought to enforce a Claim for Advanced Expenses, where the required undertaking has been delivered to the corporation), and, thereafter, the corporation shall have the burden of proof to overcome the presumption that the Indemnified Person is so entitled.

7.5 Procedures Exclusive

Pursuant to Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.560(2) or any successor provision of the Washington Business Corporation Act, the procedures for indemnification and Advanced Expenses set forth in this Article 7 are in lieu of the procedures required by Section 23B.08.550 or any successor provision of the Washington Business Corporation Act.

7.6 Nonexclusivity of Rights

The right to indemnification and Advanced Expenses conferred by this Article 7 shall not be exclusive of any other right that any person may have or hereafter acquire under (a) any statute, (b) provision of these Articles of Incorporation, (c) the Bylaws of

the corporation, (d) by general or specific action of the Board of Directors, (e) by contract or (f) otherwise.

7.7 Insurance, Contracts and Funding

The corporation may maintain insurance, at its expense, to protect itself and any Director, officer, partner, trustee, employee or agent of the corporation or Another Enterprise against any expense, liability or loss, whether or not the corporation would have the power to indemnify such person against such expense, liability or loss under the Washington Business Corporation Act. The corporation may enter into contracts with any Director, officer, partner, trustee, employee or agent of the corporation in furtherance of the provisions of this Article 7 and may create a trust fund, grant a security interest or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification and Advanced Expenses as provided in this Article 7.

7.8 Indemnification of Employees and Agents of the Corporation

The corporation may, by action of the Board of Directors, grant rights to indemnification and advancement of expenses to employees and agents or any class or group of employees and agents of the corporation (a) with the same scope and effect as the provisions of this Article 7 with respect to the indemnification and Advanced Expenses of Directors and officers of the corporation, (b) pursuant to rights granted under, or provided by, the Washington Business Corporation Act, or (c) as are otherwise consistent with law.

7.9 Persons Serving Other Entities

Any person who, while a Director or officer of the corporation, is or was serving (a) as a Director or officer of another foreign or domestic corporation of which a majority of the shares entitled to vote in the election of its Directors is held by the corporation or (b) as a partner, trustee or otherwise in an executive or management capacity in a partnership, joint venture, trust or other enterprise of which the corporation or a wholly owned subsidiary of the corporation is a general partner or has a majority ownership shall be deemed to be (i) so serving at the request of the corporation and (ii) entitled to indemnification and Advanced Expenses under this Section 7.

STATEMENT IN SUPPORT OF NEIGHBORHOOD LPFM APPLICATION

10/15/13

To the Federal Communication Commission

The Seattle School of Rock supports the application of Fulcrum Community Communications for an LPFM license based in the northwest area of Seattle, including the neighborhoods of Ballard, Fremont, and Greenwood. We support Fulcrum Community Communications because a low power radio station in our area will support the educational goals for our students.

We at the School of Rock believe the best way to learn music is to play music. We take students from the lesson room to the stage, developing both their confidence and musicianship with programs designed for all skill levels.

School of Rock teaches guitar, bass, vocals, keyboards, drums and combines weekly private music lessons and group band rehearsals to prepare students to take the stage in front of live audiences in an authentic concert setting.

An LPFM radio station in our area would enhance our activities. Fulcrum Community Communications could provide an additional educational opportunities for our students and the entire community. We hope to partner with Fulcrum Community Communications to use this new media tool to encourage our students to educate the community on music, participate in educational discussions about music, and also learn the technical and operational functions of a radio station. Fulcrum Community Communications gives our students a way to learn how music benefits the community and that is an important reason we are supporting this application.

On behalf of The School of Rock, I request the Commission to grant the license application of Fulcrum Community Communications.

To the Federal Communication Commission

Seattle Teen Music supports the application of Fulcrum Community Communications for an LPFM license based in the northwest area of Seattle, including the neighbourhoods of Ballard, Fremont, and Greenwood. We support Fulcrum Community Communications because a low power radio station in our area will support the educational goals for the youth we support.

Seattle Teen Music is dedicated to supporting youth and young adult music in the Seattle area. We believe that music and the arts are vital to growing a creative community and that starts first with our youth.

Seattle Teen Music (STM) was founded in 2009 by Megan and Jon Scherrer with a goal of helping local youth musicians to find venues to perform. Last year finished with over 60 gigs and 500 young musicians participating in an STM event. Seattle Teen Music is involved with many other local programs, such as Rock Against Diabetes, the SPC concert series that is supported by Seattle Parks and brings free live music to parks around Seattle, the Port of Edmonds Sea Jazz Summer concert series, and several local area food banks. STM also benefits through a 501c3 Fiscal Sponsorship by Seattle's Shunpike organization.

An LPFM radio station in our area would enhance our activities. Fulcrum Community Communications could provide additional educational opportunities for youth we are supporting and the entire community. We hope to partner with Fulcrum Community Communications to use this new media tool to encourage young musicians to educate the community on music, participate in educational discussions about music, and also learn the technical and operational functions of a radio station. Fulcrum Community Communications shares our same desire to encourage youth arts and music education. That is an important reason we are supporting this application.
