In re: NEW(FM), Kahului, HI  
BNPFT-20181004AAY  
Facility ID No. 202650

Dear Applicant:

This letter refers to the above-captioned new translator application for Kahului, Hawaii.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 74.1204(a) with respect to station KQMY(FM) (BLED-20170705AAH and BPH-20171005ACF), Paia, HI. Section 74.1204(a) states that an application for an FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. Specifically, the proposed interfering contour (100 dBμ) will cause prohibited overlap to the protected contours (60 dBμ) of BLED-20170705AAH and BPH-20171005ACF. These violations were not addressed in the application.

In light of the above, the application BNPFT-20181004AAY filed by Pacific Radio Group, Inc., is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw  
Senior Deputy Chief  
Audio Division
