

Exhibit 4

WBXM-CA Montgomery, AL

The applicant, The Box Worldwide, LLC, requests a waiver of rule section CFR 47, Section 74.705 (d) concerning protection to the stations listed in chart #1. This rule section requires that the interfering contour not overlap. The contours of the listed stations do overlap

The applicant has done a Longley-Rice interference study using the methods outlined in OET Bulletin 69. This analysis shows that the increase in interference caused by the Applicant to the listed stations does not exceed 0.5%. Based on the these results shown in Chart #1 the applicant requests a waiver of the above-mentioned rule part as allowed in CFR 47, Paragraph 73.705 (e)
