Re: Low Power Television Application of Rich County
Channel 43, Laketown, Etc., UT
File no: BNPD TT-20100223ACC
Facility Id No.: 184907

Caribou County TV Association has a licensed translator K43GP-D operating on channel 43. We are aware that Rich County has an application for a Channel 43 at Laketown. Because of terrain we do not believe there will be any interference. If in fact there is interference Rich County will work with us to eliminate all interference to our K43GP-D.

Thanks You,
