

**ESTABLISHED COMMUNITY PRESENCE**

**Existence of Applicant**

The applicant, a non-profit benevolent, religious and educational organization, is a Maryland non-profit corporation, and has been continuously in existence in Baltimore, Maryland since its incorporation by the Maryland General Assembly on April 23, 1884.

It is to be noted that, due to the FCC's on-line application system, Section IV, Question 1 of Form 318 will only accept a response with a date no earlier than January 1, 1950. Were the application to accept an earlier date, we would have responded "April 23, 1884" as the date that we achieved "localism".

The applicant operates St. Benedict's Roman Catholic parish at 2612 Wilkens Avenue in the southwest portion of Baltimore City. The existing church on the property has been used since 1932. This location is described by NAD27 geographic coordinates 39° 16' 45" North Latitude and 76° 39' 25" West Longitude. The antenna is to be installed at the top of a bell tower on the property at 2612 Wilkens Avenue, Baltimore, Maryland, so the headquarters of the applicant is well within 10 miles of the proposed antenna location.

As we understand Section 73.853 of the FCC's Rules and Regulations, since the applicant's headquarters have been located within 10 miles of the proposed antenna location for more than the past two years, the applicant qualifies as an "established local applicant" for purposes of the so-called point system.

location for more than the past two years, the applicant qualifies as an "established local applicant" for purposes of the so-called point system.

**Localism**

As noted herein, we were incorporated in the state of Maryland and have been continuously located in Baltimore, Maryland since; at all times it has been in existence within 10 miles of the proposed transmitter and antenna site, which, as it turns out, is on the applicant's real estate at 2612 Wilkens Avenue. Therefore, this application qualifies as an "established local applicant" pursuant to Section 73.853(b) of the FCC's Rules.

It is hereby stated under penalty of perjury that the foregoing statements are true and correct.

DATED this 12 day of November, 2013.
