

Request to Extend STA  
Sacred Heart University, Incorporated  
Station WSHU(AM), Westport, Connecticut

**WSHU(AM) Technical Narrative**

Sacred Heart University, Incorporated ("SHU"), respectfully requests a further extension of its Special Temporary Authority ("STA"). On June 9, 2023, obtained a construction permit, file no. BP-20220930AAE, proposing new Class D facilities at the site it has been using for its STA site. SHU is currently making preparations to construct these facilities. In order to provide enough time to construct, SHU needs to continue operating with its STA facilities.
