

**EXHIBIT 13  
FCC FORM 315  
Section IV, Question 5**

**Agreements/Contemporaneously Filed Applications**

Being placed in the applicable stations' public inspection files, and being submitted by the parties with this application (the "BlueStone Application"), is a copy of the Stock Purchase Agreement dated as of November 11, 2006, pursuant to which Transferee Bonten Media Group LLC would acquire control of BlueStone License Holdings Inc.<sup>1</sup> As noted in Licensee Exhibit 6, certain exhibits and schedules, which are identified in Exhibit 6, are not included but may be provided to the FCC on request.

The Transferee concurs in the request set forth in Exhibit 6 that the FCC process together this BlueStone Application with the concurrently filed application for FCC consent to the transfer of control of Newport License Holdings Inc., the licensee of WCTI-TV, New Bern, North Carolina, to Bonten Media Group LLC (the "Newport Application").

---

<sup>1</sup> BlueStone License Holdings Inc. is the licensee of the following seven full-power television stations and two LPTV stations: WCYB-TV, Bristol, Virginia; KRCR-TV, Redding, California; KAEF, Arcata, California; KECI-TV, Missoula, Montana; KCFW-TV, Kalispell, Montana; KTVM, Butte, Montana; KTXS-TV, Sweetwater, Texas; KTES-LP, Abilene, Texas; and KTXE-LP, San Angelo, Texas (the "BlueStone Stations"). License renewal applications are pending for the BlueStone Stations. In *Stockholders of CBS Inc.*, 11 FCC Rcd 3733 (1995), the FCC held that it may consider and act on an application for the transfer of control of multiple broadcast stations notwithstanding the pendency of any application for renewal of license of one or more of the stations subject to the transfer of control. The parties respectfully request that the FCC process the BlueStone Application pursuant to the procedures established in that decision. In that regard, Bonten Media Group LLC agrees to assume the consequences associated with succeeding to the place of the existing applicant if the renewal applications for any of the BlueStone Stations are pending at the time that the parties close the transactions covered by the BlueStone Application.

It is also noted that via a third contemporaneously filed application, Esteem Broadcasting LLC seeks FCC consent to acquire control of Aurora License Holdings Inc., licensee of WEMT(TV), Greenville, Tennessee (the “Aurora Application”). It is contemplated that the transaction subject to the Aurora Application will close immediately prior to closing the transactions covered by the BlueStone Application and Newport Application. The Aurora Application describes certain nonattributable business arrangements between BlueStone TV Holdings Inc. (the parent of BlueStone License Holdings Inc.) and the owners of WEMT(TV) which would be carried forward by Bonten Media Group LLC once it acquires the stock of BlueStone TV Holdings Inc.
