

FCC Form 301, Section III-D – DTV, Items 2 and 13

Exhibit 44

STATEMENT CONCERNING ENVIRONMENTAL PROCESSING

Richland Reserve, LLC (“Richland”), the applicant in the instant application, completed and distributed the New Tower Submission Packet (FCC Form 620), pursuant to the Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission, 47 C.F.R. §§1.1301-1.1319. Richland retained a recognized professional company with the requisite expertise to evaluate the site and undertake the necessary steps required under 47 C.F.R. §1.1307 and question 13 of Section III of Form 301.

This amendment is filed to report that the process has now been completed with a favorable conclusion of no adverse environmental impact on any historic or cultural resources, and that the proposal is otherwise in compliance with the requirements of 47 C.F.R. §1.1307. Accordingly, the “yes” response for item 2 of the certification checklist in Section III-D can be confirmed as accurate.
