Re: KCMT (FM), Green Valley, AZ
Arizona Lotus Corp.
Facility Identification Number: 2746
Special Temporary Authority (STA)
BESTA-20160415ABN

Dear Licensee:

This is in reference to the request filed April 15, 2016, on behalf of Arizona Lotus Corp. ("ALC"). ALC requests extension of the October 21, 2015 Special Temporary Authority (STA) pending repairs to the licensed antenna system.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS GRANTED. Station KCMT may continue operating with the following emergency facilities:

Channel	221 (92.1 MHz)
Coordinates:	32° 14' 55" NL, 111° 06' 57" WL
Effective radiated power:	1.1 kilowatts (V), directional towards 88° True

Antenna height:	
above ground:	13 meters
above mean sea level:	1342 meters
above average terrain:	573 meters

ALC must notify the Commission when licensed operation is restored. ALC must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **October 16, 2016**.

Sincerely,
