Re: W287CC, Facility No. 156747,
Ashburn, GA

Dear Ms. Dortch:

Family Stations, Inc. permittee of the above-referenced station, hereby requests tolling with respect to the construction deadline for the above-referenced construction permit, pursuant to 47 C.F.R. §1.3 of the Commission's rules in accordance with footnote 36 of AM Revitalization First Report and Order, released on October 23, 2015 (1st R&O), and the Modification Window Procedures Public Notice released on October 26, 2015 (Notice). That footnote states that under certain circumstances, a waiver of an Auction 83 FM translator construction deadline is presumptively in the public interest for applicants that will be participating in one of the modification windows. Since the Release of the Report and Order, the FCC has announced two filing windows within which existing FM translator stations and permits may be designated by eligible AM stations to provide supplemental rebroadcast coverage to such stations.

The permit will be associated with Station WAZS(AM). The permit is currently scheduled to expire on April 30, 2016.

If there are any questions, please contact this office.

Very truly yours,
