To Whom It May Concern:

September 15, 2014

I, Robert T. Carroll, am the holder of a Federal Communications Commission General Radio/Telephone Operators Permit and have been active in the broadcast industry for thirty-three years. I am certified by the Society of Broadcast Engineers as a Senior Radio and Television Engineer. I am also the Chief Engineer for WBSN, New Orleans, Louisiana, WPEF, Kentwood, Louisiana, and KPEF, White Castle, LA

I supervised the assembly and installation of the Nicom BK77/2, two-bay, half-wave spaced, omnidirectional antenna for K249DI and the change in frequency from 97.7mhz to 89.5mhz.

The antenna installation and transmitter changes were performed in accordance with the manufacturer's specifications.

Sincerely,

A handwritten signature in cursive script that reads "Robert T. Carroll". The ink is dark and the signature is fluid, with a large initial 'R' and a distinct 'C' at the end.

Robert T. Carroll
