Technical Duopoly Statement
In support of Application for Assignment
For Radio Stations
WYNU (FM), Milan, Tennessee
WTNV (FM), Jackson, Tennessee
WTJS, Jackson, Tennessee
Forever South Licenses, LLC

Copyright 2006 © Forever South Licenses, LLC

This document is copyrighted by Forever South Licenses, LLC and shall not be copied or duplicated in whole or in part without the expressed written consent of its author and Forever South Licenses, LLC.

This technical statement has been prepared on behalf of Forever South Licenses, LLC (“Applicant”) and is in support of an application for assignment of radio stations, WYNU (FM), WTNV (FM), and WTJS (AM). This statement and attachments will show that these three stations may be commonly owned with station WFGE (FM), Murray, Kentucky since the proposed ownership meets 47 C. F. R. Section 73.3555 of the Commission’s Rules.

Jackson, TN Market Stations Proposed for Common Ownership:

The Applicant proposes two FM and one AM stations for common ownership in the FCC Geographic Market Defined as Jackson, Tennessee. The stations are:

WYNU (FM), Milan, Tennessee
WTNV (FM), Jackson, Tennessee
WTJS, Jackson, Tennessee

Attachment 1:

Stations WYNU (FM), WTNV (FM), and WTJS are three of 16 stations that are located in the FCC Geographic Market Definition for Jackson, Tennessee. The market definition from BIA is seen immediately following this statement as Attachment 1.

Since there are 16 stations in the FCC defined market of Jackson, TN, the proposed common ownership of stations WYNU (FM), WTNV (FM), and WTJS does meet 47 C. F. R. Section 73.3555 of the Commission’s Rules because the Applicant can own up to six stations, with four in the same service.

Attachment 2:

The Applicant also is licensee of WFGE (FM), Murray, Kentucky. Attachment 2 shows WFGE (FM) as well as the three stations proposed for common ownership in the Jackson, Tennessee FCC Geographically Defined Market.

Station WFGE (FM) is not located in any FCC Geographic Defined Market, it therefore falls under the Commission's contour overlap rules for determination of market definition. As seen in Attachment 2, Market 1 consists of WFGE (FM) and WYNU (FM) because the 70 dbu contour of WFGE (FM) overlaps with the 70 dbu contour of station WYNU (FM). There are no other contour overlaps to any other stations commonly owned by the Applicant. Here is the Commission's CDBS database listing for WFGE (FM).

CALL	ST	CITY	FREQ	CHN	CL	ERP	STAT
ARN	OWNER						
LATITUDE	LONGITUDE		HAAT:m	AMSL:m			
WFGE	KY	MURRAY	103.70000	C1	100000.00	LIC	
BLH19870724KA FOREVER COMMUNICATIONS, INC.							
36-32-58.0 N 88-19-52.0 W 203.708 361.000							

Attachment 3:

Since Market 1 consists of just two stations, WFGE (FM) and WYNU (FM), the market is defined by the number of stations not owned by the applicant that overlap with these two stations. A quick search of the FM stations that overlap WFGE (FM) revealed that 16 stations overlap with it. Those station's 70 dbu contours are shown on Attachment 3. Since there are 16 stations in Market 1, then the Applicant could own up to six stations with four in one service. The FM stations not owned by the Applicant with contours that overlap with WFGE (FM) are as follows. This data taken directly from the Commission's CDBS database.

Conclusion:

The Jackson, Tennessee FCC Geographically Defined market consists of 16 stations. The Applicant proposes ownership of stations WYNU (FM), Milan, TN,

WTNV (FM), Jackson, TN, and WTJS, Jackson, TN only three FM and one AM station. Since there are 16 stations in the market, the Applicant could own up to six stations with four in one service. Therefore, the Applicant is in accordance with 47 C. F. R. Section 73.3555 of the Commission's Rules concerning multiple ownership in the Jackson, Tennessee market.

The Applicant is also licensee of WFGE (FM) with a contour overlap with station WYNU (FM) creating Market 1 consisting of two FM stations. There are 16 stations with contours that overlap with station WFGE (FM). Since Market 1 consists of at least 16 stations, the Applicant could own up to six stations, with four in one service and therefore is in accordance with 47 C. F. R. Section 73.3555 of the Commission's Rules.

The Applicant has no other commonly owned stations with contours that overlap stations WYNU (FM), WTNV (FM), and WTJS.

All contour prediction in Attachments 2 and 3 were performed in accordance with the Commission's Rules using the CDBS database for station information.

Affidavit:

This statement has been prepared by Lynn A. Deppen, Technical Consultant of the Applicant, and holder of General Radiotelephone license PG-3-9140. His qualifications are a matter of record with the Commission having been presented and accepted upon many occasions in the past. All statements are true and to the best of my knowledge.
