**Welcome to The Zachary Chamber of Commerce 4633 Main Street Zachary, LA 70791 Ph:225/654-6777 Fax:225/654-3957**

Welcome to Zachary! Located ten miles north of Baton Rouge, the [city of Zachary](#) offers the convenience of a metropolitan area with all the charm of small-city living. Zachary is a city of approximately 14,000, located in northern East Baton Rouge Parish and within an urbanized area population of approximately 550,000. The Zachary Planning and Zoning Commissions are seeking proposals from professional planning consultants for services in the development of a new comprehensive plan. (See the complete RFP by clicking on the link in the side bar and on the Demographics Page, download the zoning map.)

Quality of life is important to the people of Zachary, evidenced by the mission, vision and values set in place by the Zachary Chamber of Commerce. The Chamber's mission is: To promote and enhance the economic, business and community development of the Zachary area. The vision is: To be the driving force for a new Zachary by establishing leadership to improve the quality of life through families, schools, business and government. Our core values are: Community, Excellence, Faith and Family.

The police department provides safety for all residents with the enhanced 911 response system, while the [fire department](#) operates efficiently from its new complex with state-of-the-art firefighting and lifesaving equipment. A modern, well staffed hospital is located within the city limits making quality health care service conveniently available.

Ranked Number 1 in the state of Louisiana, academically, and considered to be the best in the area, [Zachary's school system](#) continues to be a drawing card for the city. With children and the family in mind, a new city sports complex provides recreational programs for all ages. New subdivisions are being built with affordable housing in every price range. Duplex and apartment living is also available.

Keeping in line with the growing resident population, the business community is constantly expanding to offer quality products and services within minutes. Zachary continues to be one of the fastest growing small cities in Louisiana, with active community involvement just one reason for the attraction.

It's easy to see why more and more people are looking to locate in what started as Zachary station between New Orleans and Memphis. Little did Darel Zachary know when he sold his

farm to the railroad that one day a thriving and prosperous city would be in its place - a city where industry and agriculture can exist side-by-side. Zachary continues to grow and looks to the future by "Opening its doors for you!"

# Lane Regional Medical Center

## About Lane Regional Medical Center

**History:** An organizational meeting to establish a general acute care hospital in the northern part of East Baton Rouge parish was held in February 1957, and four months later, Hospital Service District #1 was created. When Lane opened in November, 1960, we were a 40-bed acute care not-for-profit hospital. Lane has continued to grow over the years by expanding facilities, updating technology, and offering new services.

**Board of Commissioners:** Lane Regional Medical Center is governed by a board of nine commissioners who are appointed by the Metropolitan Council of East Baton Rouge Parish.

Terms are four years:

*Board Chair:* Dell Guerra, R.N.

*Board Vice Chair:* Robert Williams, Jr.

*Board Members:* James "Goose" Carroll, Pat Gauthier, Jeffrey Gruner, M.D., Jimmy Jackson, Joan Lansing, Judy Myles, and Mark Thompson.

**Employees:** The hospital is an equal opportunity employer, staffed by approximately 700 employees. Lane Regional Medical Center has an annual payroll of over \$16 million. If you are interested in working at Lane, you can view our current [Employment Opportunities](#) online, call our Job Line at 1-866-951-5762, or visit our Human Resources department in person.

**Physicians:** Approximately 60 physicians are on active staff at Lane, with more than 100 physicians on our consulting/courtesy staff.

## Services

Lane Regional Medical Center is a thriving primary care not-for-profit hospital located in Zachary, LA which is licensed for 137 beds, including a 30 bed rehabilitation center, and accredited by the Joint Commission on Accreditation for Health Care Organizations and the State of Louisiana. The hospital operates a 38-bed nursing home and a 12-bed skilled nursing unit. Our Home Health agency, which provides health services in the comfort of the home, ensures that patients receive the continuum of care necessary for a complete recovery.

Lane Regional Medical Center will continue to assume a role in enhancing the wellness of the community through its [community education programs](#) which serve to heighten the community's awareness of preventative measures that can be taken to avoid or minimize illness and diseases.

## ABOUT US

[ABOUT US](#) | [ELIGIBILITY](#) | [OUR CARE](#) | [PHOTO GALLERY](#) | [STAFF](#) | [CONTACT](#) | [HOME](#)

At Progressive, we believe in the value and importance of family. We understand that the patient's disorder and subsequent recovery process touches the lives of those nearest to them. That's why our treatment approach is built around the encouragement of periodic family meetings and involvement in the patient's treatment process.

*Secluded, quiet, comfortable facilities  
provide an atmosphere for positive change  
and growth.*

## Cataract Services

People don't have to live with vision loss due to cataracts. Through new technological advances, cataract surgery today is faster, more effective and more comfortable for the patient. Cataract surgery is the most commonly performed surgery in the United States. More than two million people have cataract surgery each year in the United States. Over 95 percent of cataract surgeries are performed without complications and result in a significant improvement in vision.

## Glaucoma Services

Did you know that glaucoma is one of the leading causes of blindness? But glaucoma when properly supervised by your doctor can be managed. Glaucoma often has no symptoms, so regular eye exams are critical. If glaucoma is not treated, pressure to the eye increases, causing loss of peripheral vision. Call us today to schedule an eye exam.

## Welcome to Zachary Orthopaedic

Welcome to Zachary Orthopaedic Care Center. We're proud to serve Zachary and the greater Baton Rouge area. We live here, work here and play here just like you. We know it's no fun when you have to sit out during a family bike ride or softball game because of a workplace injury or nagging joint soreness as you age. That's why we take pride in providing the orthopaedic care you need to get you back to work or back in the game! So, whether you're seeking relief from a sore knee or painful shoulder - we're here to help.

Before we go on, we think it's important to explain exactly what an orthopaedic surgeon does, because most people may have an idea, but not know for sure - so here's a quick overview for you:

Orthopaedic Surgeons specialize in injuries and illnesses of the bones, muscles, ligaments, tendons and joints of the skeletal system. All the movable parts of your body take a beating and we specialize in taking care of those parts. And, with the advent of arthroscopic and endoscopic procedures, Orthopaedic Surgeons can repair damaged joints and muscles less invasively which means less scarring and a quicker recovery time for you.

So, now if anyone asks - you can tell them in a nutshell, an Orthopaedic Surgeon's job is to evaluate, diagnose, and treat musculoskeletal disorders, and to keep patients active, mobile and participating in the game of life!

Following leading - edge evaluation and diagnosis by one of our board certified physicians, Dr. Kozar or Dr. Wyatt, we offer a full spectrum of conservative treatment to orchestrate the most rapid recovery possible from your musculoskeletal problem. The doctors' thirty - one plus cumulative years of experience gives you the piece of mind you want and deserve if and when surgery becomes

necessary to correct your condition. Drs. Kozar and Wyatt, while conservative in their approach (they utilize surgery only as a last resort), specialize in state-of-the-art surgical solutions including,

*I haven't had a bit of discomfort. My shoulder has felt great since having my rotator cuff tear fixed by Dr. Kozar. The patient is status post right shoulder arthroscopic repair of a large rotator cuff tear on March 24, 2009.*

**-- Sidney Coniglio**

*I just can't thank Dr. Kozar enough. My family and I are just delighted. Why go to Baton Rouge when you can see Dr. Kozar right in here in Zachary? Dr. Kozar did a wonderful job fixing my left wrist fracture!*

**-- Eudora A. Davidson**

*Dr. Kozar, you made my shoulder feel a whole lot better!*

*The patient is a 52-year-old welder who is status post arthroscopic repair of a SLAP lesion with subacromial decompression and distal clavicle resection of his left shoulder.*

**-- Joel B. Roussell**

*My hip feels great!*

*Total hip replacement patient for arthritis secondary to avascular necrosis.*

**-- Jerry Roberts**

*I enjoy coming to see Dr. Kozar! He explains everything in detail. He is very well spoken and very thorough*

but not limited to, the following procedures:

- **Arthroscopic Shoulder surgery** - including rotator cuff tear and SLAP lesion repair, acromioplasty(subacromial decompression), Mumford procedure(distal clavicle resection), and biceps tendon repair.
- **Arthroscopic Knee surgery** - including excision/repair of torn menisci(cartilages), ACL repair/reconstruction, synovectomy, chondroplasty, debridement, and realignment.
  - **Total Joint Replacement** (offers pain relief from arthritis when everything else fails)
    - **Kyphoplasty** (a procedure to repair fractured/broken vertebrae)
- **Cervical and Lumbar Spine Surgery** (surgeries dealing with the neck and low back including epidural steroid injections or ESI's)
- **Carpal Tunnel Syndrome surgery** - either through a mini - incision, or endoscopically

You can rest assured that at Zachary Orthopaedic Care Center, surgical intervention is used as a last resort after conservative therapy has been exhausted in a concise, step by step fashion by our seasoned physicians. The expertise that allows our physicians to efficiently, accurately, and effectively diagnose and treat your musculoskeletal problem takes years of experience to develop.

Our lower- than- average infection rates speak for themselves!

*in his exam. I have an excellent result following shoulder surgery. My friends all want to know who my doctor was. I recommend Dr. Kozar to everyone!*

**-- Christine S. Hollins**

*"It is wonderful all the places I can go now that I couldn't go before! I let a friend borrow my wheelchair. I have no use for it. My right and left knee replacements done by Dr. Kozar feel great!"*

**-- Eunice M. Ritchie**

## About Us

Welcome to Zachary Orthopaedic Care Center. Thanks for spending time on our website.

You're most likely here because you're doing research for yourself, a loved one or a friend. Finding the right orthopaedic surgeon and having confidence and peace of mind that you're in the best hands is vitally important - we understand that, and that's why we strive to give our patients the level of care we'd give members of our own family.

As you look through the site, you'll see we offer many different and special types of surgery, however, we feel our most important feature is our conservative approach to treatment and our number one concern - Safety First! That's where our 32+ years of cumulative surgical experience really shows - with skillful evaluation, leading to a proper course of treatment and operating only as a last resort.

We also believe in start to finish care as we coordinate patient's orthopaedic care and guide them through their treatment, whether it involves surgery or consultation with other medical specialists.

So, whether you're seeking help for a degenerative problem, workers comp claim, personal injury or shoulder relief from an acute sports injury, Dr. Wyatt, myself, and the staff here at Zachary Orthopaedic Care Center are ready to help.

Thanks,  
Dr. Brian E. Kozar

## Dr. David J. Wyatt

A native of Arlington, Texas, Dr. Wyatt received his undergraduate degree from The University of Texas at Arlington and his medical degree from The University of Texas Medical Branch at Galveston School of Medicine. He is Board Certified in Orthopaedics and specializes in Kyphoplasty (compression fractures in the elderly), general orthopaedics and sports medicine.

A resident of Zachary, Dr. Wyatt has been married to his wife Heather for 18 years and has five sons ages 5 - 22. The oldest, Drew, is attending College in Denver. The family spent almost three years in Baton Rouge and Deridder, Louisiana before moving to Zachary. They are very sports oriented, with the boys participating in football, baseball, soccer, swimming, gymnastics, guitar and band.

"Having coached before, I am looking forward to the upcoming high school football season here in Zachary," said Dr. Wyatt. "That's one of the many reasons why I prefer a smaller community - I enjoy seeing patients at the store or in church, becoming actively involved in the schools with my family, and being able to make a difference."

Dr. David Wyatt is now seeing new spine patients at Zachary Orthopaedic Care Center, located at 4801 McHugh Road, Suite C, in Zachary. Call 658-9996 to schedule your appointment today!

Zachary, Louisiana Historic Village

*Zachary Historic Village*

The Zachary Historic Village is a facility dedicated to the enjoyment of the area's residents in the history of Zachary and surroundings.

Situated along several historical blocks in Zachary the Village is composed of three renovated turn-of-the century homes: **Miss Sis' Magic House**, **The Victorian McHugh House**, and the **Farm House**. The **Barn** and **Native American Settlement** are new additions to the Village.

McHugh House Museum**

***The McHugh House Museum***

The McHugh House Museum is an authentic turn-of-the Century home furnished with period furniture. The Diamond-shaped front windows, oak floors, decorative woodwork, and crystal chandelier in the dining room are all original to the house. The kitchen features a working 1928 Maytag washing machine. Unique to the house is the single triangular-shaped chimney that services the three fireplaces in the house. The children's room has a folding Murphy bed and toys from years ago. Different musical instruments are found in the parlor along with the delicate handwork and items used in the past. You can certainly appreciate the cultural contrast showing living with money in a small city as represented by the Victorian house versus living in the rustic farm house.

**Incorporating the old with the new, children can explore scientific principles dating back many years in the old school room, as well as activity centers which let children climb into the Rainforest and see the beauty of nature. In the Sense Room children explore the use of smell, hearing, touch, and sight. See how the heart, lungs, ear, and eye works in the Medical Room.**

### Ada Belle's Barn

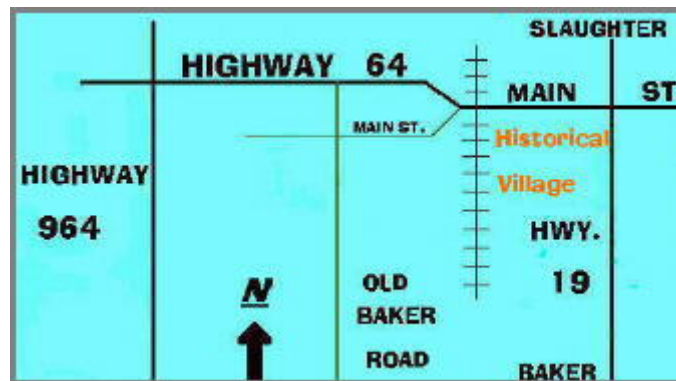

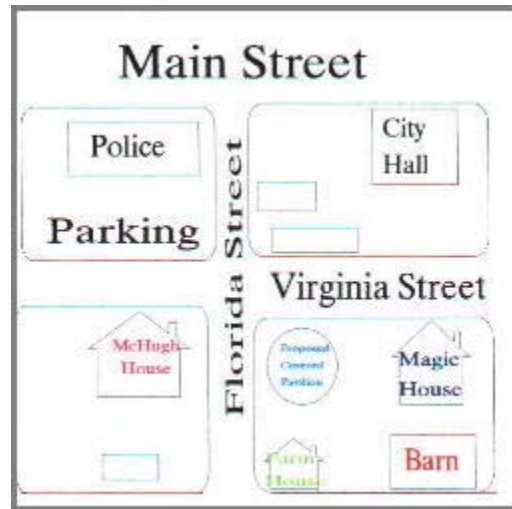

The Farm House and Barn  
Plus  
Native American Settlement

Step back 300 years to see the Palmetto "home" prevalent in this area and see how the Indians ground corn and made a canoe from a tree.

In the Farm House explore what it would have been like to live a hundred years ago in a rural area. Pull water up from the well or view an outhouse, and let our mule Ada Belle show you how sugar was made in the "good old days". At the blacksmith's shop, get a first-hand look into the grueling job of a small town blacksmith, see how long it takes to split and cut wood shingles for a roof, or grind corn into grits or cornmeal using a hand grinder in the barn.

Thank you to Zachary Youth Softball for allowing us to use their website.

## **Zachary Adult Co-Ed League**

It's that time of the year again where we adults get to enjoy some adult fun playing CO-ED softball. I will need to know if you have a team no later than Fri. August 13<sup>th</sup>, 2010. We will play Tues. and Thurs. nights Sept. till Oct. This year will be a little different in that it will not be a "pay at the plate" policy. We will collect money from each team up front to pay the umpires and score keepers, which will be collected at the coaches meeting. The cost will still break down to \$36 dollars a game per team. The coaches' meeting is tentatively scheduled for Wed August 18<sup>th</sup> at 7:00p.m at the youth park. We will hand out your schedule to you there. A team must consist of 10 or more players and at least 5 of those must be women. Men must bat opposite of the way they normally bat. . And your batting order must alternate guy-girl-guy. As well as the defensive positions (pitcher/catcher must be guy/girl...infield must have 2 guys and 2 girls...and outfield must consist of 2 guys and 2 girls).

If you are an individual who would like to play or if you need one or two players to make a team, please email we might be able to place you on a team or find a player. If you have any questions please call, 658-5089 or email Jason or Lea Waxley at lwaxley@cox.net and we will try to respond as quickly as possible.

Thanks  
Adult co-ed
