

Exhibit 13B
Pending Renewal Applications

The instant application and other concurrently filed transfer of control applications request Commission consent to the transfer of control of authorizations issued by the Commission to subsidiaries of Clear Channel Communications, Inc. ("CCC"). Several of the broadcast stations licensed to such subsidiaries are the subject of pending applications for renewal of license. During the time that the CCC transfer of control applications are pending, additional applications for the renewal of license of other CCC stations will be filed. This statement is submitted in furtherance of the Commission's policy permitting processing of multi-station transfer of control applications that involve a subset of stations with pending renewal applications where (1) no basic qualifications issues against the transferor and transferee were raised or, if raised, were resolved favorably, and (2) the transferee explicitly assents to standing in the stead of the transferor in any renewal proceeding that is pending at the time of consummation of the transfer of control.¹ The Transferees hereby agree to succeed to the position of the Transferors in any pending renewal applications, consistent with the procedures set forth in *Shareholders of CBS Corporation*.

¹ See, e.g., *Shareholders of CBS Corporation*, 16 FCC Rcd 16072, 16072-73, para. 3 (2001) ("The Commission repeatedly has held that, in multi-station transactions, it will grant the transfer of control application while the renewal application is pending as long as there are no basic qualification issues pending against the transferor or transferee that could not be resolved in the context of the transfer proceeding, and the transferee explicitly assents to standing in the stead of the transferor in the pending renewal proceeding.").
