Dear Mr. Adkins

The National Radio Quiet Zone (NRQZ) office evaluated the above-mentioned transmitter to determine the possible interference impact on our highly sensitive radio astronomy operations.

The National Radio Astronomy Observatory (NRAO), Green Bank, WV, **does not object** to and **recommends for approval** this modification by the FCC.

The NRQZ office recommends that you attach a copy of this Letter of Concurrence to your application when filing with the FCC.

The Sugar Grove Research Station, Sugar Grove, WV does not object to the granting of the referenced modification.

This letter **constitutes coordination** of assignment in the National Radio Quiet Zone as required by the FCC Rules and Regulations 47CFR1.924.

This document supersedes our concurrence dated 20 February 2007.

If I can be of further assistance, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Paulette W. Woody', written over the typed name.
