

**Policy for Continuation of Diversity Claim:**

University of Massachusetts  
Board of Trustees  
Effective, June 4, 2001

To assure compliance with the Federal Communications Commission (FCC) Rules and Regulations for pending FCC 340 non-commercial educational FM radio station point-system applicants, the University of Massachusetts President on behalf of the Board of Trustees, has been given the following charge:

- To notify the appointing authority and all current Board members of the requirement to maintain FCC point system diversity during the required four-year ownership period
- To ask all Board members to notify the President of any change in their ownership status of any class of radio stations
- To screen all new appointments to the Board and include a section in each new member's orientation materials on the requirement to apprise the President of any changes in ownership in radio stations that may affect the diversity points claimed
- To notify the FCC if there are any changes in University radio station ownership that may affect the diversity points claimed
- To ensure that a copy of this Policy is placed in the Public Inspection File of any University owned radio station applying for diversity credits
