SUBJECT: West Tiger Mountain Antenna Orientation

Dear Committee Members and Interested Parties:

I certify by this letter that the ERI Cavity-backed Radiator Panel Antenna is mounted on the westmost leg of the West Tiger Mountain tower in a symmetrical manner on a line bearing  $270^{\circ}$  True Azimuth as observed on 20 August 1989.

Sincerely,

DAVID A. BERG, PLS  
Washington Certificate #11278
