Re: Entercom License, LLC (Entercom)
KXST(AM), North Las Vegas, NV
Facility Identification Number: 47745
Special Temporary Authority (STA)
BESTA-20200518AAB

Dear Mr. Kennedy:

This is in reference to the request filed on May 18, 2020. Entercom requests a final extension of the STA granted on March 11, 2016, to continue operating with parameters at variance to allow time for our staff to complete the review of BMML-20200325AFV.¹ In support of the request, we noted that the application remains on hold at this time to allow time to amend.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Entercom may continue to operate with parameters at variance based upon the pending application. Entercom must use whatever means are necessary to protect workers and the public

¹ KXST(AM) is licensed for operation on 1140 kHz with 10 kW day (ND), and 2.5 kW night (DA).

from exposure to radio frequency radiation in excess of the Commission's exposure guidelines.
See 47 CFR § 1.1310.

This authority expires on **November 18, 2020**.

Sincerely,
