Special Temporary Authority (STA)
BESTA-20180212ACF

Dear Mr. Belter:

This is in reference to the request filed on February 12, 2018. SHR requests an extension of the STA granted on August 17, 2017, as modified to operate with parameters at variance pending further action on the license application (BMML-20161118ACN).¹ In support of the request, we note that the application remains pending at this time.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and SHR may

¹ KTTO(AM) is licensed for operation on 970 kHz with a daytime power of 5 kilowatts and a nighttime power of 1 kilowatt, employing a directional antenna pattern at night (DAN-U).

continue to operate with parameters at variance based upon the information provided in the pending application. SHR must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **August 13, 2018**.

Sincerely,
