RICHMOND, VIRGINIA

§73.827 AND TRANSLATORS WITHIN TEN KILOMETERS OF PROPOSED SITE

This application is for a Low Power FM Station on Channel 277. Channels 200 through 300 were examined to determine if there are any translators within ten kilometers of the proposed site with input on either channel 274 or 280, and if yes, their program delivery method. The result of the examination was as follows:

<u>CALL</u>	<u>DIST</u>	<u>STATUS</u>	<u>PRIMARY STATION</u>	<u>PRIMARY LOCATION</u>	<u>PROGRAM DELIVERY</u>
W219CX	2.00 kM	Lic	KAWZ	TWIN FALLS, ID	Other (satellite)
W223AZ	2.00 kM	Lic.	WURV	RICHMOND, VA	CH 279B and Other
W235AI	2.00 kM	Lic.	WVTW	CHARLOTTESVIL	CH 203B1
W253BI	2.00 kM	Lic.	WTVR	RICHMOND, VA	CH 251B and Other
W273BB	2.00 kM	Lic.	WRIH	RICHMOND, VA	CH 201B1
W291CL	2.00 kM	Lic.	WURV	RICHMOND, VA	CH 279B

As shown above, there is no translator within 10 kilometers of the proposed site that is using channel 274 or 280 for program delivery.

Please note that the above is based on the information available to us, and it is believed to be accurate.

In addition to the above, the applicant stipulates that it will work with any translator owner in accordance with §73.827 to mitigate any interference that this translator might cause.
