**RE: CERTIFICATION OF TOWER ORIENTATION**  
Derry Hill, Walpole, New Hampshire

I do hereby certify that the orientation of the Radio Tower located on Derry Hill in Walpole, New Hampshire is as shown below. The azimuths shown are based on an actual survey and are referenced to true north determined by a solar observation taken on May 18, 2003. I do hereby certify that the tower azimuth orientation shown is accurate with reference to true north within 1°.
