

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
REGENT BROADCASTING OF EVANSVILLE/OWENSBORO, INC.

This statement and the attached figures were prepared on behalf of Regent Broadcasting of Evansville/Owensboro, Inc. ("Regent"). Regent proposes the acquisition of radio stations WBKR(FM), WKDQ(FM) and WOMI(AM). Therefore, a multiple ownership analysis was prepared considering the following radio stations under proposed common ownership or control:

Call Sign	Location	Facilities		
WBKR(FM)	Owensboro, KY	Ch 223C	100 KW	320 M
WKDQ(FM)	Henderson, KY	CH 258C	100 KW	300 M
WOMI(AM)	Owensboro, KY	1490 KHZ	0.83 KW	ND-1

Since these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), an ownership study has been prepared in accordance with the Federal Communications Commission multiple ownership rules (See Section 73.3555 of the FCC Rules).

Count of Stations in Defined Market

The number of radio stations in a "radio market" is determined by counting the operating, commercial stations having transmitter sites within and hence have principal community contours which overlap the principal community contours which define the radio market, plus the subject stations to be co-owned. The results of the analysis are tabulated below:

Defined Radio Market	Minimum Number of Stations in Radio Market
WOMI (AM) / WBKR (FM) / WKDQ (FM)	10 - AM/13 - FM/23 Total

Figure 2 is a tabulation of the radio stations identified in the defined Radio Market. Only known licensed, operating commercial stations were employed for the study. Distances to the AM coverage contours were predicted using the antenna patterns as identified in the Commission's AM database and the appropriate Ground Wave Field Strength versus Distance Graph of 47 CFR 73.184. Ground conductivities were obtained from FCC Figure M3. Distances to the FM contours were determined based on the method of 47 CFR 73.313.

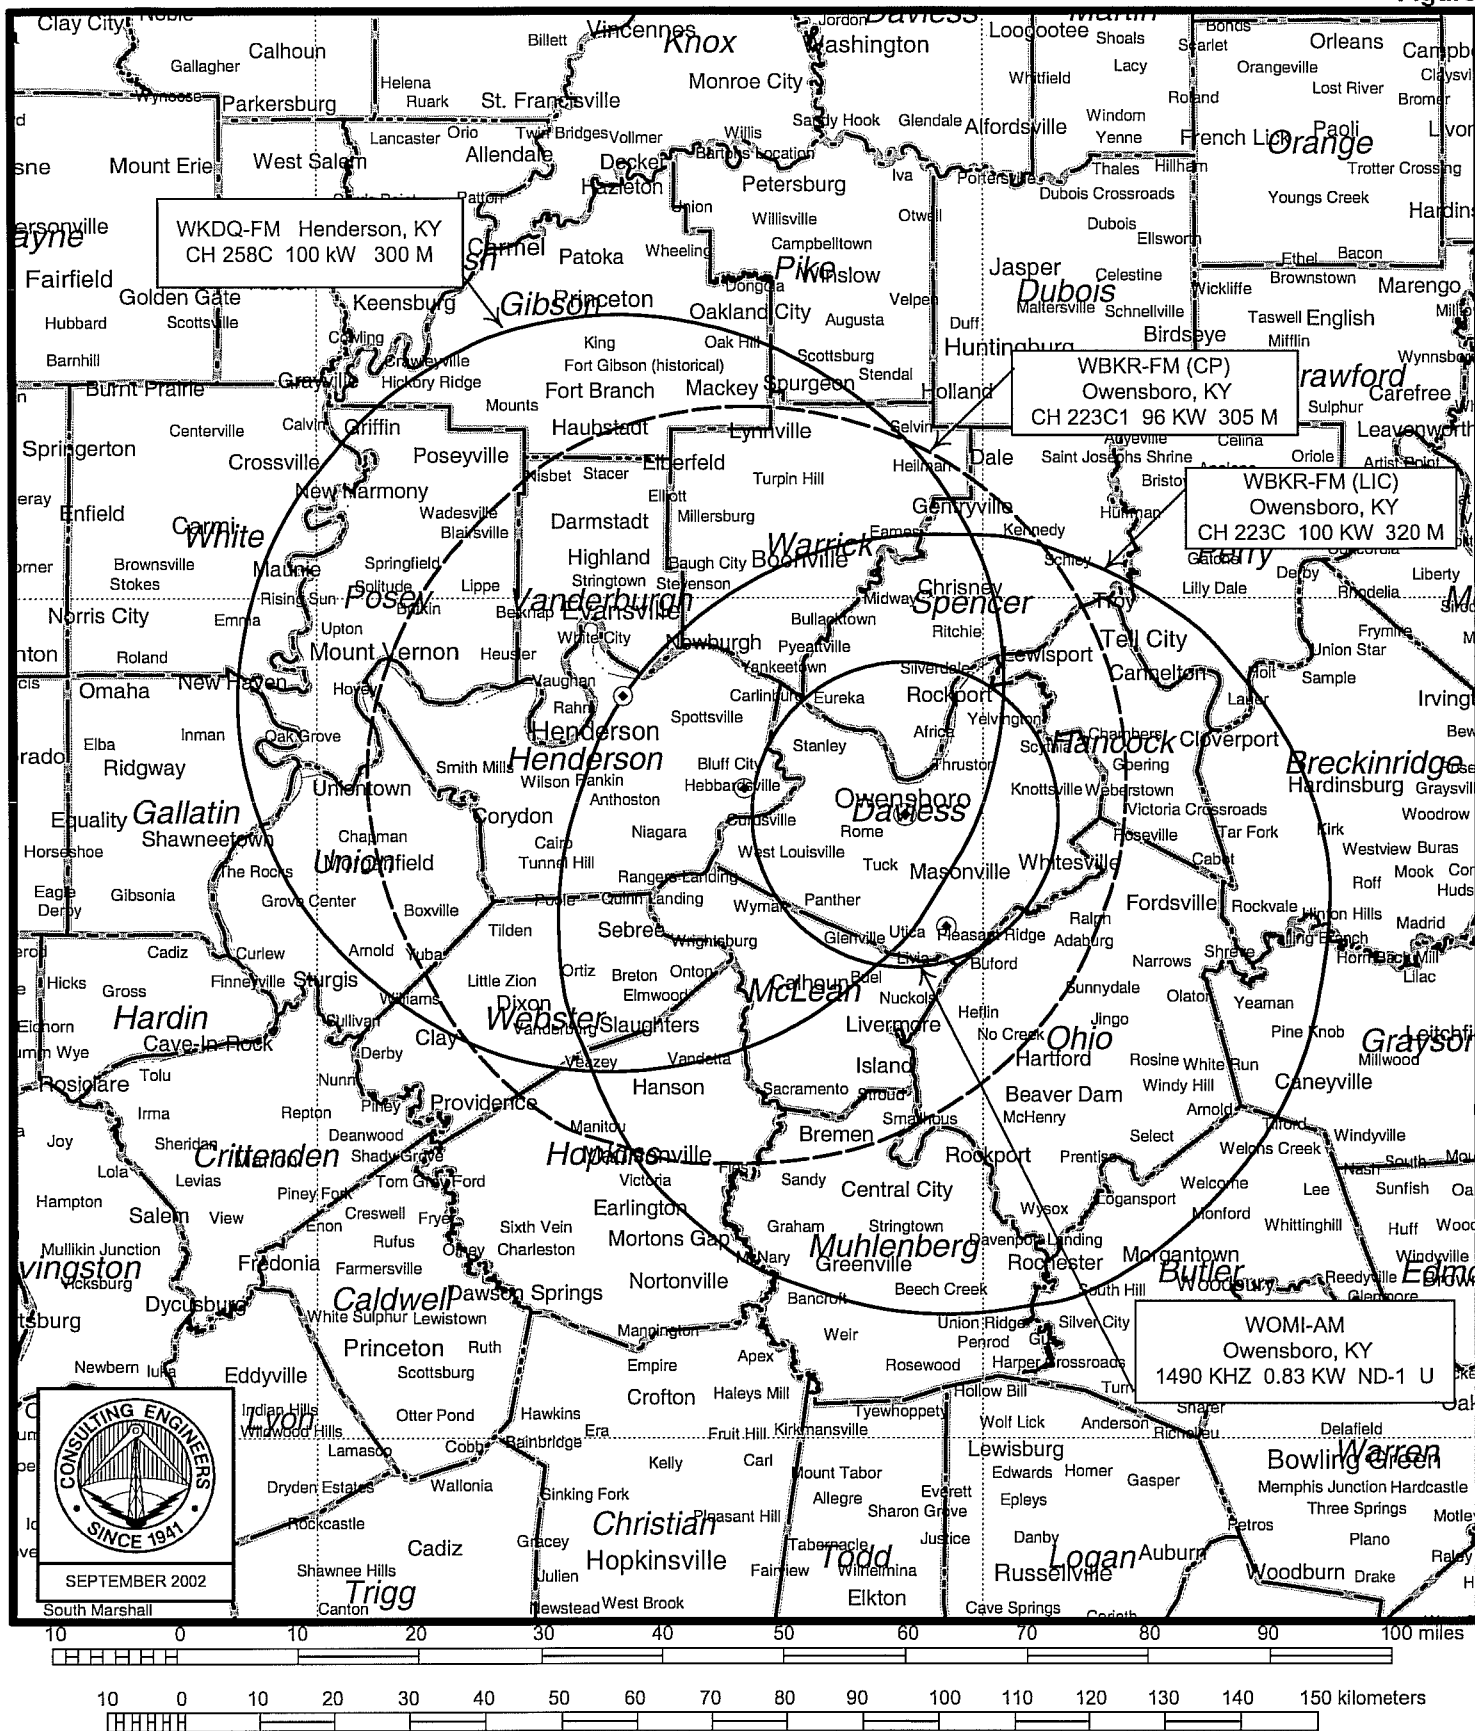

Based on the above, it is concluded that the proposed combination of stations complies with Section 73.3555(a) of the FCC Rules.
